## Nightly Pageant Opens, Wins Audience Acclaim

The Granite City Diamond Jubilee Pageant has something for everyone.

It invokes nostalgia in many older citizens as long-remembered incidents from the past are revived via authentic slides and colorful sequences on the pageant stage.

In a moving scene involving

Lincoln's farewell it provides a touch of pathos and attempts to impart better understanding of one's fellow man in a dramatic finale.

Humor and gaiety also are prevalent and, above all, the children are allowed a large share of the Jubilee spotlight and appear thoroughly to enjoy their own performance.

"Profiles in Progress," the epic Jubilee presentation, produced by Robert McCrary of John B. Rogers Producing Co., began its week-long run Monday evening in an outdoor setting at Wilson Park.

Nightly performances, starting at 8:45, will continue through Saturday. An additional performance will be given Sunday should inclement weather force cancellation of a scheduled show.

Tickets Available

Tickets may be obtained immediately before show time at a box office situated at the Wilson Park pageant site. At the park location patrons may exchange coupons purchased in advance. The same services also are available at Jubilee headquarters, 1300 Edison Ave.

Utilizing the large grassy surface of Wilson Park's softball diamond, the pageant director set his scenes against a vast expanse of red, white and blue scenery—a tutored semi-circle which proved easily adaptable to all aspects of the production.

The sphere of action shifted from center stage to areas set at either side of the arena-like framework for episodes employing few characters, with the entire set emblazoned with lights for scenes involving the full cast.

### Dramatic Lighting

Impressive lighting added dramatic overtones to the presentation, casting colorful hues ranging from vivid reds to brilliant white floodlights as the mood and tempo changed with the time and sequences.

A mixture of descriptive commentaries by live narrators was well coordinated with recorded excerpts from speeches delivered by Franklin D. Roosevelt and John F. Kennedy, the Rev. Dr. Martin Luther King and the eulogy to his brother by Sen. Edward Kennedy.

The historic "day of infamy" message by President Roosevelt announcing the attack on Pearl Harbor in 1941; recorded portions of live broadcasts being transmitted at the time of the assassinations of both President Kennedy in Dallas and his brother in California; and the moving words of Dr. King in his Washington speech were carefully assimilated into a script detailing Granite City's own historical past.

### Indians Avoid Area

The pageant audience was pulled backward into time—to the late 1700's and early 1800's—when Indian tribes roaming this region avoided the mist-shrouded river bottoms, considering the area "infested by evil spirits."

Garbed in Indian costumes, the cast portrayed life early in Illinois' past with several teen-age youths mounted on horseback bringing realism to the scene.

Flood waters from the Mississippi River also discouraged early pioneers, the script reveals, noting specifically "the worst flood in history in 1844

## School Openings Begin

The fall school term for many students of the Quad-Cities began this week with opening of classes at Venice Schools Monday, and Madison Schools on Wednesday. Granite City students will return to classes Tuesday.

Opening dates for parochial schools vary with St. Margaret-Mary School to hold a half-day session tomorrow. Full-day classes will begin Monday. Half day will be from 8:45 a.m. to 11:15 a.m.

Sacred Heart, St. Joseph, St. Mary and St. Mark Schools will open Monday. These three schools will conduct half days through Friday, Sept. 3, and begin full days Sept. 7, the day after Labor Day.

Sacred Heart School will have half-day session Monday, opening at 8:45 a.m., followed by a mass of the Holy Spirit at 10:45 a.m., after which the children will be dismissed. Full day classes will begin Tuesday. Hot lunches will be served.

## Parents Halt Dunbar, Site Of Repair Work, Vandalism

By GARY SCHNEIDER  
Press-Record Staff Writer

Angry parents halted the opening of Dunbar Grade School in Madison Wednesday, the first day of classes in the district, and again today.

The parents blocked entrance doors with signs reading "Dangerous, Do Not Send Your Children to School Today." They alleged the building is unsound and has not been cleaned properly for the opening of school.

Reporters were taken on a tour of the outside and inside of the building by several parents, who pointed to wall cracks, dirty restrooms and paint cans and debris in the halls and

many classrooms. The school board on Aug. 19 took steps to have two Dunbar walls rebuilt.

Monday night or early Tuesday morning, vandals had broken into the school and had ransacked the office, several classrooms and the halls. Parents claimed that most of the mess was not caused by the vandals.

The vandals poured duplicator ink on walls, floor and equipment in the office, pulled telephone lines out of the walls, threw office equipment on the floor and hit it with a hammer,

## Hayden Assistant Chief

Merl Hayden Jr., a member of the Venice Police Department for 19 years, was appointed assistant chief of police by Mayor John E. Lee Tuesday night during city council action in which four new ranking positions in the police department were created.

Hayden, who lives at 812 Third St., Venice, fills a vacancy that has existed in the assistant chief's office since the appointment of Ralph Brawley, former assistant chief, as chief of police a year ago.

The council concurred unanimously in the mayor's appointment. The aldermen also approved the mayor's appointment of two police sergeants, a chief investigator and juvenile officer and an assistant to that officer. All of the appointments were made on recommendations by the Venice Board of Police Commissioners.

Creation of the four new ranking posts is the first departure in many years from a system in which there were no ranking positions in the Venice

police department except that of chief of police and assistant chief. In recent years all officers under those ranks have been designated as patrolmen.

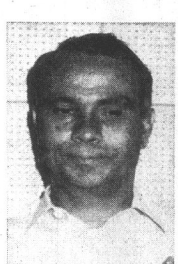

### Two Sergeants Named

To the two new sergeant posts, Mayor Lee appointed, with council confirmation, Ray Mikolazuk, 413 Lincoln Ave., a member of the department for 18 years, and Algie Crawford Jr., 121 Lee Wright Homes, a member of the Venice force for eight years.

Charles Mize, 209 Granville St., was appointed to the combined post of chief police department investigator and juvenile officer. Mize has been a member of the department for nearly seven years and has been acting recently as juvenile officer.

Farris Smith, 1136 Calhoun St., a member of the department for 19 years, was appointed assistant police chief.

## School Board Approves Administrative Changes

James Dumont, principal of Coolidge Junior High School, will be principal of Granite City High School effective July 1, 1972, according to administrative and staff appointments made by the Board of Education at a meeting Monday night.

He will succeed Lawrence McCauley, who plans to retire after this year.

Dumont has a total of 14 years experience in the district, having served as a teacher, audio-visual coordinator, assistant principal and principal at Coolidge for the past three years.

The board appointed Thomas Noeth, assistant principal at the high school, as administrative assistant for computerized services. He has had experience in organizing and supervising the present data processing work at the high school.

The salaries of the two are to

be determined in the spring. Alfred Leavell, a GCHS teacher, was named a principal intern for secondary schools.

She salary of Robert Maxwell, new assistant principal at Prather Junior High School, was set at \$12,000 a year.

The board hired two school nurses, Margaret Amisch, 2809 State St., and Delores Stalcker, 2746 Sunset Drive, both unassigned, and a secretary, Miss Wanda Page, 1 Moorland Drive, for the high school and book rental department.

New teachers employed, and their assignments, are:

Ray O. Bourland, 23 of Highland, bachelor of music degree at Southern Illinois University-Southwestern, no experience, for instrumental music; Arlene K. Bowen, 23, of Kirkville, Mo., bachelor of science from North-east Missouri State, no experience, for home economics at Grigsby.

David A. Culp, 22, of Bethalto, B.A. from SIU, no experience, for high school art; Mrs. Lois Erickson, 35, of O'Fallon, M.S. from SIU-SW, one year experience, for guidance at Coolidge;

Mrs. Linda L. Irwin, 22, of 2060 Cleveland Blvd., B.S. from SIU-SW, no experience, for middle primary at Lake; Lewis Kyle, 35, of Godfrey, B.A. from Arizona State, no experience, for high school industrial arts.

Miss Elizabeth A. Meyer, 22, of Danville, B.S. from SIU, no experience, for low primary at Maryville; Jack W. Opydyke, 29, of West Frankfort, M.S. from SIU, no experience, as intern psychologist, special education co-op.

Gary D. Presley, Ferguson, Mo., M.A. from SIU-SW, one year experience, for intern psychologist, special education co-op; Mrs. Mary K. Rogers, 25, of Edwardsville, B.M. from Central Methodist, two years ex-

perience, for vocal music at Wilson-Lake.

Mrs. Sharon Singer, 21, of Chicago, B.S. from University of Illinois, no experience, for upper primary at Frohardt; and Miss Eva Louise Whit, 22, of 1132 Meridian St., B.S. from SIU-SW, no experience, for grade 4 at Washington.

**Custodians Hired**

Hired as assistant custodians were George R. Batty, 33, of 1309 Twenty-third St., for Grigsby-Parkview; Gerald L. Correll, 49, of 2836 Palmer Ave., for Central; and George J. Lynch, 50, of 2013 Lynch Ave., for the high school.

Resignations were accepted from Martha Menges, second grade teacher at Lake School, for personal reasons; Diane Nocheff, third grade teacher at Marshall School, who is moving to Missouri; and Blanche Reim, secretary in the board and cafeteria offices.

## Nameoki to Seek Police Plan For Township

Means of providing police protection for the unincorporated area of Nameoki Township will be considered by the township special Citizens Improvement Committee in a meeting to be arranged soon, Supervisor Louis Whitsell told the town board Monday night.

Nameoki has considered several plans for police protection during the past year, but has not yet found an adaptable program, Whitsell said. He said the improvement committee, headed by Chairman Ropac, will be requested to investigate the probabilities and report to the township board.

Nameoki Township Councilman Edgard Patrick notified the township board that he had distributed \$85,300 in township road and bridge funds and \$77,400 in town fund and general assistance fund taxes to the township.

**Taxes Credited**

The board also received notice from County Treasurer George Musso that \$2,450 in town taxes collected to July 1 has been credited to the township.

The Illinois Terminal Railroad notified the board by letter that it will make repairs to its railroad crossing near Horsehoe Lake at State Aute Route 35.

Albert Bell, township highway commissioner, told the board that he will meet with Robert Kronst, district 8 Illinois highway engineer, concerning installation of traffic signal lights at the Maryville and Kreftner schools. Bell said it is likely the township will need a permit to make the installation.

Bell also announced he had received approval of his request to place a 45 mile-per-hour speed limit on Arlington Road.

**'Job Fair' Program**

A "Job Fair" program in which unemployed Vietnam Veterans would have an opportunity to communicate with employers at a central point was discussed by members of American Legion Post 113 in their regular meeting Tuesday night.

The plan has met with some success in other cities and was suggested to the Legion Post here by Malcolm Thompson, manager of the Illinois State Employment Service as a possible aid to veterans seeking jobs. Post members were told. No date was set.

The Legionnaires also heard a report on the Thomas Hood benefit barbecue during the weekend in which the post participated through operation of one of the six area barbecue stands. The post took in a total of \$1,800 in its operation, it was reported.

**Treated After Stabbing**

Thad Harrell, East St. Louis, was treated at Christian Welfare Hospital, St. Louis, for wounds caused when a Venice woman allegedly stabbed him in the chest with a fork at 4 a.m. Wednesday, police reported.

**Hit and Run**

The auto of Mary A. Yekel, 2701 E. 24th St., westbound on Broadway at the railroad tracks in Venice at 3 p.m. Tuesday was struck from the rear twice by a motorist who left the scene.

**SIU-SW Making Tuition Refunds Due to Freeze**

Southern Illinois University began making refunds on pre-paid fall quarter tuition accounts yesterday. Refunds will be available at the Bursar's Office at both the Southern Illinois and Carbondale campuses.

Students entitled to refunds will need to present identification cards and receipted fee statements.

Checks will be processed and mailed as soon as possible to students who have pre-paid tuition and cannot appear in person to claim refunds.

University officials estimate approximately 8,000 students will be eligible for refunds, with the total about evenly divided between campuses.

The refund was ordered by the SIU Board of Trustees in a resolution adopted last January for the fall quarter.

The tuition rollback decision was made even though the increase would have been allowable under President Nixon's

## SIU Trustees Set Housing Policy at Southwestern

A student housing policy for the Southwestern campus of Southern Illinois University, establishing minimum standards for occupancy has been adopted by the board of trustees.

Physical facilities must comply with city and state ordinances dealing with minimum standards for equipment, lighting, ventilation, heating, sanitation, space, fire protection and safety, the housing policy declares.

The Southwestern campus, designed primarily to serve commuters, has operated previously with housing regulations adapted from the Carbondale campus. The new trustee action develops separate policies for the Southwestern campus.

According to the housing policy, SIU-SW will continue to develop on-campus housing until not more than one fifth of the full-time student enrollment is accommodated. Rate of development of on-campus housing will be dependent on the availability of funds. At the present time the University operates 244 apartment units in the Tower Lake area.

The University will recognize the privilege of students to select their own places of residence while attending SIU-SW, subject to bonding restrictions.

**City can No Longer Accept Tax Payments**

## MORE ABOUT Pageant

which left an expanse of water seven miles wide, reaching from St. Louis to the bluffs."

Arrival of the Caldwell and Messenger families in 1892 starting the region on its development trend was illustrated with a "barn-raising" scene, while children played happily and grownups worked together in neighborhood fashion.

Formation of the county and slides of the first cabins also furnished the viewers with a glimpse of actual history.

**School Days Begin**  
Carefree playing came to an abrupt end for the pageant youngsters with the "School Days" episode which describes the beginning of the local school district and shows via slides the infant community's first school and subsequent buildings.

A finishing school established in St. Louis where the daughters of wealthy families were taught the refinements of ladylike behavior also became part of local history.

The initial chapters constructed here and their modern counterparts were revealed by flashing authentic photos on the center screen.

**Sad, Moving Episode**  
As time progressed and the first "iron horses" came to this region, the Civil War days became the focal point of the pageant and concluded with one of the most dramatic moments in the show—Lincoln's farewell.

With the "Battle Hymn of the Republic" playing in the background, Rich Wilbur, a tall, slender young man who wears a full beard, slowly walked to center stage being greeted en route by a small child, a bearded mother and a wounded soldier.

The episode ended when the sad and lonely-looking figure mounted a horse brought out by two Union cavalrymen, also on horseback, and quietly rode away toward the darkened perimeter.

**Picnic Fun**  
The pendulum swung forward recalling gala festivities at the popular Horseshoe Lake picnic sites and the bathing beauty contest of 1901: unsuccessful efforts by local women to "dry

## Tractors Owned by Levee Employee, Ebersold Says

Jerry Duff, chief timekeeper of the East Side Levee and Sanitary District, is the owner of two tractors found at the lake-side site of his father in Kentucky by St. Clair County State's Attorney Robert Rice who charged the two pieces of equipment are property of the levee district, William "Mike" Ebersold of Venice, levee board president, said today.

Duff was his way to Kentucky today to pick up the title of sale, Ebersold said.

Rice, who made a trip to Kentucky earlier this week and took pictures of the two tractors, said the larger of the two bore a serial number that shows it is levee district property. He said there was no serial plate on the other machine.

Miss Granite City, wearing an electric blue, form-fitting jumpsuit she presents an interpretive dance number "For Once in My Life."

Hope for the future and a better understanding between men is reflected in the pageant's Charleston, apply performed by girls who later gyrated to the mad dances of the present generation.

The "devil-may-care" years of the 1920s are signified by the Charleston, apply performed by girls who later gyrated to the mad dances of the present generation.

The depression years and the make-work jobs created here and elsewhere throughout the country by WPA projects and valiant efforts by local industries to keep men working as long as possible despite economic conditions also are illustrated.

Once again the callup of local men to fight, led into by President Roosevelt's announcement on Dec. 7, 1941, is depicted, and the World War II years conclude with the raising of the Stars and Stripes atop Mount Surabachi on Iwo Jima.

**Violent '60s**  
Even violence, prevalent in the 1960s, is not neglected as the pageant unfolds and the vicious acts of assassinations and their tragic consequences are retraced through recordings and graphic photographs.

A truly gaudy show is brought to the stage by Miss Janice Albers—the Diamond Jubilee Queen and the reigning

Jerry Duff's father, George Duff, is a trustee of the levee district. He is ill in an East St. Louis hospital and could not be reached.

Rice said he intends to present the information he gathered to the next session of the St. Clair County Grand Jury.

Meanwhile, the levee district was unable to meet its semi-monthly payroll of \$37,000 for 106 employees yesterday pending a legal opinion on funds the district hoped to raise through sale of \$40,000 in anticipation warrants.

A New York bonding attorney has been asked to give an opinion on legality of the anticipation warrants, and whether the warrants can be supported by anticipation income.

Under the ruling issued Tuesday, teachers who are eligible for payment on a 12-month contract basis but who will begin work this fall on a 10-month basis may be paid salary increases if the contract was signed prior to the Aug. 15 freeze.

The Washington announcement appeared to reverse an earlier stand approving tuition increases announced before Aug. 15, and Davis said the tuition increase for night adult education classes will be rolled back, pending any further determinations.

Another problem Davis mentioned was the price on workbooks which the district purchased in the spring at a higher cost which cannot be charged to the students. He said the administration is appealing to publishing companies for reconsideration of purchase agreements.

The performers, youngsters and oldsters alike, have a taxing and tiring six shows to present this week. Their dedication and willingness to record the city's 75 years of progress—should be greatly appreciated by all the community's present residents.

## GC Teacher Pay Hikes Still in Air, Davis Says

The status of salary increases for Granite City school teachers remained in doubt today following another interpretation of President Nixon's price-wage freeze by the Cost of Living Council in Washington.

The ruling apparently opened the way for 80% of the nation's school teachers to receive pay hikes, including the Granite City district personnel under a contract agreement reached last May.

But B. J. Davis, superintendent of schools, today said terms of the announcement were vague, and his attempts to obtain detailed information from the Internal Revenue Service office in East St. Louis were fruitless.

## MORE ABOUT School Openings

Central, Grigsby and Prather Junior Highs are to begin classes at 8:30 a.m. All four will dismiss classes at 12:30 p.m.

**Elementary Hours**  
Pupils attending Lake School are to report at 8 a.m. and be dismissed at 12:15 p.m. All other elementary schools will open at 8:45 a.m. and dismiss students at noon.

All Granite City public schools will begin regular hours on Wednesday, Sept. 1.

School buses will run on a regular schedule starting opening day.

In preparation for opening Granite City schools, a principal's meeting was held yesterday at the board office. Kindergarten and new student late registration at the schools will take place today. A new teacher's welcome breakfast and orientation session at Grigsby Junior High School is scheduled tomorrow. Faculty meetings will be conducted tomorrow at Grigsby Junior High School.

Book rentals at the Granite City High School will remain at \$5 per year due to the national freeze on wages and prices. It previously was announced the rental fee would be increased to \$6. All book rental fees at the high school are due Friday, Sept. 3, and will be collected during the first period of the day in the home room.

## Airport Site Approval Expected By Year's End

Federal approval of the Waterloo, Ill., site for a new major St. Louis airport is expected by the end of the year, Arven H. Saunders, executive director of the St. Louis Metropolitan Area Airport Authority, said yesterday following a regular authority meeting.

Saunders said that a transcript of hearings on the proposed site is being prepared and will be submitted to the Federal Aviation Administration about Sept. 10. The transcript will contain complete texts of comments and questions submitted during three hearings this week and last, Saunders said.

Also submitted will be an updated draft of the environmental impact statement, prepared with the assistance of Arthur D. Little and Associates, the firm which conducted the original environmental study for the authority.

Saunders is to meet Monday with the East-West Gateway Coordinating Council on a preliminary request for federal funds. Shortly after that meeting, a final request will be submitted and must be acted upon within 30 days by the council, Saunders commented. Transcripts of the council's consultations and recommendations, along with communications received by the council on the airport site, will be sent to the FAA for consideration.

## Greers Mark 50th Anniversary

Former Granite Cityans, Mr. and Mrs. Ben S. Greer, now of Troy, Ill., celebrated their golden wedding anniversary during the weekend at an open house at the Bethel Evangelical Church annex for about 75 guests, relatives and friends. Mr. and Mrs. Greer were married Aug. 21, 1921 in Hillsboro, Ill. Before retiring Mr. Greer was employed by the Union Starch and Refining Co.

The couple, who renewed their wedding vows with the Rev. Robert Widin officiating, has five children, seven grandchildren and two great-grandchildren. Those attending were Mrs. Ruth Walk, 3318 Franklin Ave., to discuss in which areas of civic participation the group will take part during the coming year.

## Auxiliary Hears Parade Report

Mrs. Nancy Mullen conducted a business meeting of the Eagles Auxiliary Tuesday evening with Mrs. Bernice Johanningmeier reporting on the group's participation in the jubilee parade.

Mrs. Mullen thanked the Eagles Kitchen Band members for music furnished on the float, and also those who assisted with the decorations. Mrs. Norma Hemker reported the Quilting Club will shortly begin a quilt to be donated to the Auxiliary, and Mrs. Vera Hornyak gave a resume of a District meeting held the past weekend in Alton.

Mrs. Theresa Daiger offered to donate a cake to the ritual team for the next fish fry Sept. 3. Mrs. Johanningmeier read the names of members of the Eagles and Auxiliary who are ill and hospitalized and asked that they be remembered with cards, visits or calls.

President Mullen closed the meeting and refreshments were served by Mrs. Delores Sanders.

## B&PW Committee Plans Projects

Members of the Civic Participation Committee of the Granite City Business and Professional Women's Club met Monday evening in the home of Mrs. Ruth Walk, 3318 Franklin Ave., to discuss in which areas of civic participation the group will take part during the coming year.

Tentative plans were made to assist the staff at Coordinated Youth Services and to attempt to expand cultural experiences to broaden perspectives in living on a personal basis.

It was decided to distribute flyers and pamphlets on pollution, drugs, drug abuse and other civic-related subjects at the club's next dinner meeting.

Those attending were Mrs. Lil Marzluft, program chairman, Mrs. Vernice Wortman, co-chairman, and Mesdames Ida Dant, Barbara Duffin, Carol Young, Betty Bishop, Paula Smith, Judith Sille and Peggy Ritchie.

Mr. and Mrs. Gus Falter Sr. of Pontoon Road and Mr. and Mrs. Jesse Dillman and daughter, Becky, are home from a tour of the Ozarks. Places visited were Silver Dollar City, Shepherd of the Hills Theatre and the Passion Play at Eureka Springs, Ark. They also visited friends and relatives in West Plains, Mo., and Tammis, Ill.

## Dizzie Dozen Exchange Gifts

A secret gift exchange was part of Tuesday evening's activities when the Dizzie Dozen Pinochle Club met in the home of Mrs. Mary Murgie.

Mrs. Loretta Pritchard was a guest and those exchanging prizes were Mrs. Agnes Roderick, Mrs. Dorothy Kowalk and Mrs. Marian Lipscomb.

A dessert course was served by the hostess to those named and to Mesdames Loretta Coleman, Mary Tucker, Evelyn Ferro, Betty Rutkowski, Mary Merz and Cecelia Cruse.

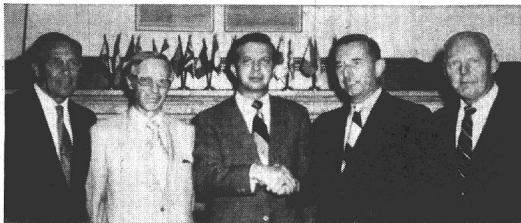

Hostess for the Sept. 21 party will be Mrs. Roderick.

## Lusicic-Bilich Engagement Told

Mr. and Mrs. John Bilich, 1719 Elizabeth St., are announcing the engagement of their daughter, Miss Linda Bilich, to Daniel Lusicic, a son of Mr. and Mrs. Ivan Lusicic of St. Louis.

The bride-to-be is a senior at the Granite City High School. Her fiance attended CBC Military High School in St. Louis for three years and graduated recently from a two-year course at St. Louis County Technical School. He will enter the Marine Corps Sept. 8.

Wedding plans are indefinite.

## Venice Lets Contracts For Two Street Jobs

Contracts for two major street improvements in Venice were awarded by the city council Tuesday night to the lowest of two bidders in both cases.

Both improvements are motor fuel tax projects which will be financed from funds allotted monthly by the Illinois Division of Highways. The lowest of the two bids accepted were below the engineer's estimates of cost.

A contract for resurfacing and other improvements of Market Street from Broadway to State Street was awarded to G. H. Sternberg Co. on a bid of \$17,896. The engineer's estimate on the project was \$23,213. The other bidders was A. H. Seibold Co. with an offer of \$26,062.

For improvement of Collinsville Avenue from Madison Avenue to Broadway, the council awarded a contract to Sternberg company on its bid of \$19,116. The engineer's estimate was \$20,887 and the other bid, also by A. H. Seibold Co. was \$24,923.

# Stocks Rejoin Sprint Cars at Speedway Tomorrow Night

Late model stock car racing will return to the Tri-City Speedway tomorrow night, joining the super sprint cars which competed in the \$5,000 Diamond Jubilee race here last weekend. Bobby Jones of Danville, regained the track point lead in the sprint cars Friday by having the fastest qualification lap and winning the 75-lap feature, his second in a row here.

The points he accumulated during Jubilee events on a 600-hp Buick Wildcat of Sedalia, Mo., who did not appear Friday. Ut reportedly commented the event had "too many laps."

As Ut stayed in Sedalia Friday, Jones displayed championship driving skill, racing the final 20 laps of the feature in heavy traffic with no brakes. Ut is expected to return tomorrow to attempt to regain his lead from the young Danville barber.

The stock car drivers will be brushing up after a week of rest and will be preparing for the \$3,000 Jubilee stock car race Sept. 10 at the local speedway. Bill Myers of Rosewood Heights, feature winner two weeks ago, will be the man to beat as track-point leader Bob Stanton of East Alton and local favorite Will Spalding of 8-30.

Afield of about 40 super sprints and 35 late model stocks is expected to compete. Qualification laps in both classes will begin at 7 p.m. tomorrow with the first heat events slated for 8:30.

Division races of the leagues

and broke a window in the office door.

In corridors, fire extinguishers were emptied on the floors and a trophy case was damaged. Trophies were taken out and were placed on the hall floor.

Linked to Burglary

A hammer apparently used in the vandalism and left behind was identified as one of the tools taken from the burglary of the building two weeks ago.

Between 12 and 15 windows in the building were broken and had not been repaired.

Parents said they would "close" the school all this week and would continue their activity until the school is either closed by the district or repaired.

Fred Riddle, superintendent of schools, was on hand yesterday morning and talked to several of the parents. He claimed that much of the clean-up work should have been done by the school custodians and had not been completed.

He said the gymnasium was to have been closed the first two weeks of the school year and the school would have been closed for the first two weeks of the school year.

Water was flowing under a door in the lunchroom and a classroom annex building. Supt. Riddle said that yesterday morning several hundred students entered the annex, stuffed towels in the home economics kitchen sink and had turned on the water.

"Those halls had been waxed and were ready for school. New wax had to be done to it all over again," he commented.

Supt. Riddle assured parents that the school is structurally safe and that specifications are being prepared for the repair of cracked walls. He responded to complaints of holes in the gymnasium floor and said that it will be repaired in the next two weeks while the gym is closed.

"We felt we could close it (the gymnasium) during the week and that the children could have physical education classes outdoors," he added.

"Those boys' windows should have been repaired by the custodians, but they were not," he commented. He added that over \$3,000 had been spent in the past year repairing broken windows at the school.

He explained the burglaries and vandalism had slowed the progress of work throughout the summer. "When these tools were stolen, we lost a week," he noted.

Parents pointed to electrical sockets without covers and Supt. Riddle explained that as fast as custodians can put new covers on the outlets, children remove them. "I know that's no excuse. The custodians should have put covers on those sockets," he said.

He also responded to charges that bare electrical wires were evident in the gymnasium and explained that only low-voltage public address system wires were not fully insulated, and that only in the gymnasium.

"I would like to meet with a committee of parents to discuss priorities in the repair of the school. If we can sit down and talk, I am sure we can get school opened to everyone's satisfaction," Supt. Riddle commented.

The parents have been meeting with Riddle and the school board throughout the summer, making requests for repairs.

"We have been working."

There has been a lot of money spent there this summer on repairs. This school has been in bad shape many years and we have just started to do something about it. We just cannot fix everything at once," Riddle said.

# Keen 'Cleans Up' At Cycle Races Tuesday

Tri-City Speedway motorcycle point leader Neal Keen of St. Louis recorded a perfect night Tuesday as he won every event he entered, including the feature race.

Keen recorded the fastest qualification lap in 10.03 seconds on the quarter-mile clay track and won the first heat, the trophy dash, and the feature and the feature event.

In the feature, Frank Gillespie (national No. 2), jumped to an early lead but on the third lap fell to both Keen and Charles Chapple of Flint, Mich., who had been in a close race for second.

In the remaining seven laps, Keen and Chapple exchanged the lead several times as they raced side by side.

Keen pulled ahead in the final turn, crossing the finish line five feet ahead of Chapple. Gillespie finished third and

Randy Atchison of Mexico, Mo., was fourth.

The trophy dash looked like a duplicate of the feature race. Keen and Chapple battling for the lead and Keen winning by a short margin.

In the first heat, Keen finished in the lead with James Jones and Phillip Johnson behind him. Atchison was victorious in the third heat, Keen finished in the lead with Charles Chapple and Ed Gahn of St. Charles, Mo., claiming the second and third spots.

The final heat was won by Richard Poston and Mike Currenham second with Don Grahm third.

Gillespie followed closely behind Keen during his semi-feature with Jones finishing third, Chapple fourth and Atchison second and Auto third.

Gillespie finished third and

# GC Rebels, Mercer's In Playoff

The Granite City Rebels will battle Mercer Ambulance to finish in the final of the Women's AA League south pitch playoffs.

The two park district teams earned berths in the finals by winning games last night, the Rebels defeating Matthews Chevrolet 30-13 and Mercer's downing Kentucky Fried Chicken 8-6.

In the first game, the league champions slammed 32 hits for their 30 runs while Matthews' fourth-place team accumulated 13 runs in the final inning.

The Rebels crossed the plate 19 times in two innings, bringing 11 batters to the plate in the fifth inning following eight in the second.

Third-place Mercer was the underdog against second-place Kentucky Fried Chicken, but opened up a 4-0 lead in the first inning. The losers tied the score in the third at 5-5 but Mercer added one run in the fifth and two in the sixth to clinch the victory.

Coaches Meeting

An organizational meeting for men interested in coaching a boys' flag football team for the Granite City Park District will be at 7:30 p.m. Wednesday, Sept. 1, at the park district recreation center. Franklin and Amos avenues. Rules will be discussed and rosters distributed.

Women's Final Game Tonight

Jacobsmeyers' and Sammy's Women's A League teams will battle in the playoff finals at Wilson Park tonight after winning games in the semi-final round Tuesday.

Jacobsmeyers' defeated Kirby's 14-1 to earn a berth, and Sammy's squeaked by Bill's Auto 13-12 with a final inning rally.

Karl Redmon for Jacobsmeyers' allowed only four hits while Mona Leibold gave up 15.

Deb Scaturro for Bill's Auto and Diane Jones for Sammy's battled hit-for-hit in their semi-final, each giving up 14. Sammy took an early 3-2 lead after the first inning but gave into the final round Bill's Auto 10-8, primarily due to six runs in the third inning.

Bill's squad earned two runs in the final inning to lead 12-10, but Sammy's brought four runners across the plate on the bottom of the seventh.

# Parents Halt

and broke a window in the office door.

In corridors, fire extinguishers were emptied on the floors and a trophy case was damaged. Trophies were taken out and were placed on the hall floor.

Linked to Burglary

A hammer apparently used in the vandalism and left behind was identified as one of the tools taken from the burglary of the building two weeks ago.

Between 12 and 15 windows in the building were broken and had not been repaired.

Parents said they would "close" the school all this week and would continue their activity until the school is either closed by the district or repaired.

Fred Riddle, superintendent of schools, was on hand yesterday morning and talked to several of the parents. He claimed that much of the clean-up work should have been done by the school custodians and had not been completed.

He said the gymnasium was to have been closed the first two weeks of the school year and the school would have been closed for the first two weeks of the school year.

Water was flowing under a door in the lunchroom and a classroom annex building. Supt. Riddle said that yesterday morning several hundred students entered the annex, stuffed towels in the home economics kitchen sink and had turned on the water.

"Those halls had been waxed and were ready for school. New wax had to be done to it all over again," he commented.

Supt. Riddle assured parents that the school is structurally safe and that specifications are being prepared for the repair of cracked walls. He responded to complaints of holes in the gymnasium floor and said that it will be repaired in the next two weeks while the gym is closed.

"We felt we could close it (the gymnasium) during the week and that the children could have physical education classes outdoors," he added.

"Those boys' windows should have been repaired by the custodians, but they were not," he commented. He added that over \$3,000 had been spent in the past year repairing broken windows at the school.

He explained the burglaries and vandalism had slowed the progress of work throughout the summer. "When these tools were stolen, we lost a week," he noted.

Parents pointed to electrical sockets without covers and Supt. Riddle explained that as fast as custodians can put new covers on the outlets, children remove them. "I know that's no excuse. The custodians should have put covers on those sockets," he said.

He also responded to charges that bare electrical wires were evident in the gymnasium and explained that only low-voltage public address system wires were not fully insulated, and that only in the gymnasium.

"I would like to meet with a committee of parents to discuss priorities in the repair of the school. If we can sit down and talk, I am sure we can get school opened to everyone's satisfaction," Supt. Riddle commented.

The parents have been meeting with Riddle and the school board throughout the summer, making requests for repairs.

"We have been working."

There has been a lot of money spent there this summer on repairs. This school has been in bad shape many years and we have just started to do something about it. We just cannot fix everything at once," Riddle said.

It's a moving experience.

## Old Coal Mines Cause New Building Dilemma

A new dilemma, one of the old coal mines, has branched itself to the new Madison County Public Building Commission in its search for suitable public building sites.

It was learned at a commission meeting Monday that the two largest properties owned by the county, the Edwardsville and the 50-acre tuberculosis sanitarium tract which for years was the home of the county TB hospital which now is converted into a nursing home.

The other is an 11-acre site in an old residential district upon which the old nursing home, previously the county poor house, and the Civil Defense building are located.

**Coal Mine Maps**  
A study of coal mine maps made for the commission by engineer John Mathes of Layne-Western Co. of Kirkwood, Mo., dating back to 1940, showed that the old Madison County Coal Co.'s Thermal Mine 34, abandoned in 1940, is about 230 feet below the sanitarium tract, and also below the new county juvenile detention home and TB clinic.

Over a period of years, Mathes said, the ground level could sink sufficiently to severely damage any building setting upon it.

The committee was considering utilization of the 50-acre tract also for a warehouse to store and maintain the county's 400 voting machines, and both

tracts were under consideration for a proposed county administration complex.

### Precautionary Measure

Commission members, headed by attorney John Gitchoff of Granite City, obtained the surface survey as a precautionary measure, and the report came as an apparent shock.

They agreed that the preliminary report would eliminate the 50-acre tract from future consideration for more buildings unless a full study shows otherwise, as 20-year bonds to finance construction would be difficult to sell under the circumstances.

The County Board of Supervisors may be asked to order a thorough investigation of subsurface conditions of the property, which Mathes said would cost about \$30,000.

### Nameoki Taxpayers Pay 85% of Billing

Taxpayers of Nameoki township paid \$1,516,040 in 1970 taxes during the tax collection period conducted by Town Collector Edgar Patrick. The payments amounted to 83.8% of the total tax bill of \$1,767,477 charged for collection, Patrick said.

Of the total amount paid, \$69,250 was paid under protest. All of the protested tax was that charged against utilities or out-of-town business and industry, Patrick said.

The collector said that 2% of the amount collected will go to the town fund.

## Teacher-Parent Meets Approved by Board

A program to bring parents and teachers of grade school students together for discussions of problems on a weekly basis, starting in September, was approved by the Granite City Board of Education Monday night.

The sessions would be held from 9 a.m. to noon on the first Saturday of each month during the school year at the high school cafeteria.

The program was proposed through the "Youinited for Action" committee of the Tri-Cities Chamber of Commerce and was explained by George Moore, School Board secretary who attended the planning meetings.

The objectives of the project deal mainly with the following: To bring together on a voluntary basis teachers from the elementary levels with parents of students in those grades to discuss ideas and problems.

To bring together representatives from special education areas of the district, music, non-graded, administrative personnel and board members with parents.

### Man Faces Two Charges

Glenn Morgan, 24, of 2120a Adams St., was arrested at 12:05 a.m. Wednesday following a disturbance call to 2005 Cayuga St. on charges of battery and resisting arrest. The battery complaint was filed by his wife, Mrs. Sharon Morgan. Police said Morgan attempted to jump from the squad car enroute to the police station and had to be subdued.

## City Salary Raises Tied Up in U.S. Wage Freeze

Salary increases provided in new working agreements approved for city employees in late July have been held up as a result of President Nixon's wage-price freeze, city council members were informed in regular meeting Monday night.

City Attorney Leon Scroggins told the aldermen that he had instructed the city clerk's office to continue paying salaries on the scale effective prior to May 1, beginning of the current fiscal year, until a legal determination can be made as to whether this year's raises will be permissible under the freeze order.

The city council approved a new city budget incorporating a \$30-per-month salary raise for all city employees on July 30. In that same meeting the council approved new working agreements with union representatives of city workers in which the higher salaries were included.

An ordinance fixing the new salary levels was signed by Mayor Donald Partney on Aug. 11. The wage-price freeze order was issued by President Nixon on Aug. 14. It affected all price and wage increases for the 30-day period preceding the order.

**Awaits Regulation**  
Scroggins said that he had been informed the government is preparing specific regulations and that when these become available he will prepare an opinion for the city council as to whether or not the raises can be allowed during the 90-day freeze period. The raises for city employees were to be retroactive to May 1.

The council authorized a bid call on a \$55,000 motor fuel tax project for asphalt resurfacing of six sections of city streets. Improvements will include improvement of the 2000 block of Washington Avenue, 1000 block of 21st Street, 1400 block of 21st Street, Peeling Road from Bradley Avenue, and 19th Street from Niedringhaus to the railroad tracks.

The council was notified that Southwestern Bell Telephone Co. had protested \$186,782 in its payment of 1970 taxes to the treasurer's office. The report was placed on file.

**To Attend Meetings**  
A request by Victor Koenig, Civil Defense director, for permission to attend a state defense convention in Peoria Sept. 10, 11 and 12, and a national convention in Las Vegas, Nev. Oct. 17-22, was approved. Expenses of \$95 were approved for the state meeting and \$380 for the Las Vegas convention.

A bid call for furnishing 136 badges for the police department and city officials also was authorized.

A majority of the council overrode objections by Alderman Gerald Parmenter against increasing the capacity of Lift Station No. 5 on Faith Avenue from its present 200 gallons-per-minute to 500 gallons. A motion to authorize Street Superintendent Lionell Portell to proceed with the improvement was passed 9 to 3.

## Rotarians Told Story Of Vending Business

Fred Angevine, director of operations of the Zimring Vending Co., 1 Caine Drive, outlined the development of the vending industry at the luncheon meeting of the Madison Rotary Club Wednesday.

He traced the history of the vending business from the year 2000 B.C. when Hold Water was the first known item sold by vending machines. Angevine said. They provide such items as hot soups, hot chocolate, coffee, tea and sandwiches and many other items for customer consumption.

The speaker said he first remembers a vending machine for chewing gum used in this area.

The present vending business of the Zimring Company employs 16 people and serves the Madison county area.

Weber Starkey, president, presided at the business meeting attended by 24 members at the Madison Recreation Center.

He announced plans for a trip to Monks Mound to view the diggings there and a tour of the museum to be conducted Sept. 15, in lieu of a meeting at the recreation center. Luncheon will be served at the mounds site.

Also attending the meeting were three guests, Dr. David Friedman of Granite City, G. R. "Rusty" Clarke, former superintendent of Laclede Steel and now a member of the Alton club, and Edward Carr of Bethalto, Ill.

## Stab Victim Serious, GC Man, 21, Charged

William Kee, 17, of 2028 Ohio Ave., remained in serious condition this week in St. Elizabeth Hospital after he was stabbed at 1:45 a.m. Sunday on the Chain of Rocks Canal levee near the Tri-City Port District. Authorities said a knife wound the side was 8 to 9 inches deep and his liver was badly damaged. He was admitted in the intensive care unit at the hospital.

Held in custody at the Madison County Jail at Edwardsville was Terry Gargac, 21, of 2447 Rock Road. He was charged with aggravated battery.

A knife believed by officers to have been used was found in the canal by the Bubble Masters water recovery diving team.

### Truck Hits Parked Car

A truck driven by James E. Brown, Plainview, struck the left front of the parked auto of Pete Krause, 1816 Spruce St., at 11:05 a.m. Tuesday at 903 Niedringhaus Ave.

### Parking Meters Looted

Coin box doors were pried from six parking meters in the 2000 block of Iowa St., and on 21st Street between Iowa and Washington Avenue, it was reported at 10:30 a.m. Tuesday.

## GC Park Board Approves Tax Levy of \$352,851

A 1971-72 tax levy for the Granite City Park District totaling \$352,851 for the fiscal year beginning May 1, was adopted by the board in a regular meeting Wednesday night.

The tax levy extends for corporate purposes a total of \$263,897; recreational program and facilities, \$82,285; Illinois Municipal retirement fund contribution, \$17,500; liability insurance, \$7,500; and audit expenses, \$1,700.

Board members Wednesday night also approved a request of the Jaycees to use the ice skating rink on Sept. 12 from noon until 6 p.m. to conduct the War of the Bands. The board voted to charge a fee hereafter to any organization using the facility to pay the cost of cleanup and maintenance.

A finance report for the period July 14 through Aug. 14, listing expenditures of \$51,469 and wages of \$31,782 also was approved by the board.

Board approval also was given the treasurer's summary re-

port for the period from May 1 through July 31 of 1971.

A discussion was held on meeting with F. L. Ruggeri, area engineer for Standard Oil Co., concerning a water drainage problem at Stearns Park following the building of a new station directly adjacent to the park area.

Paul Thompson, chairman of the Rules Committee, said he will meet with the park board attorney and his committee members in bringing up to date a new list of rules and regulations.

President Henry Gabriel announced a Park District golf tournament will be held Sept. 11 and 12, and named Frank Rea, secretary, to serve as chairman of the event. Details will be announced later.

The resignation of Tom Hewlett, assistant director of Parks and Recreation, was accepted by the board. Hewlett will leave after the Saturday sports events. He plans to further his education.

### Officiating Is Topic Of Rotary Club Talk

"How, Why, Who and When of Officiating" was the topic of a talk by Keith Parker, physical education instructor at Coolidge Junior High School, at the luncheon meeting of the Granite City Rotary Club Tuesday at the YMCA.

He explained how a person gets started in the vocation and why they become interested in becoming an official. "Most often it is a former athlete who gets involved in this type of work because of a previous interest in sports," he added.

Officials are most needed at the junior high, high school and college levels, Parker noted.

President Albert H. Froemming presided at the meeting which 35 Rotarians attended. He introduced Madison Mayor Mike Seayk of the Madison Rotary Club, and his guest, Avery Schermer, and Rev. Paul Surbey, president of the Granite City Optimist Club. Rev. Surbey extended an invitation to the members to attend the Sept. 2 meeting of the Optimist Club when Cong. Melvin Price will be the speaker.

Dr. Elwood Ackerman was honored on his birthday and upon becoming a new grandfather.

## GC Pastor, Choir Make Television Debut Sunday

Dr. L. Jim Anthis, pastor of Central Christian Church (Disciples of Christ), 2020 Johnson Road, and the church's 18-member Sanctuary Choir will appear on the televised "Sunday Morning Worship" program on KMOX-TV at 10:30 a.m. Sunday.

The Channel 4 program, taped Monday evening at the St. Louis TV station, includes a contemporary parable, "New Love," written by Dr. Anthis replacing the usual sermon.

The innovative service also will feature a modern guitar duo, "Turn, Turn, Turn," played by Heather Potter and Margie Settlemyer, who also accompany the choir in the number, "Christ is Changing Everything."

Directed by Connie Koester and accompanied by Mrs. Judy Owens, the Sanctuary Choir also will present "O Sing Unto the Lord," the local minister said. Jim Ash will deliver the Scripture reading and Dr. Anthis will lead the choir in a call to worship.

Sunday's half hour program marks the first time Central Christian Church members have participated in a televised worship service.

Due to the special telecast, to be viewed by the Central Christian congregation, the usual schedule of events at the local church has been changed, Dr. Anthis said.

DR. L. JIM ANTTHIS

Beginning at 9:30 a.m. Sunday with the adult orientation for the fall academy series, a fellowship hour will follow from 10 to 10:30 a.m. with coffee and doughnuts served. Church members will convene in the fellowship hall at 10:30 a.m. to view the televised service. Several sets will be installed to permit maximum viewing, it was reported.

At 11 a.m. Sunday, the pastor will lead a community songfest, comprising many traditional and folk hymns, and a worship service will take place at 11:20 a.m., including a baptism and communion.

**FORMER PASTOR.** The Rev. Truman Collins, with Mrs. Collins and their son, Edward, of Louisville, Ky., who will take part in services at Mount Zion General Baptist Church on Benton Street over the weekend celebrating the 21st anniversary of the church which the minister organized in 1950.

## 1st Pastor Returns for Mount Zion Anniversary

The Rev. Truman Collins, the first pastor of Mount Zion General Baptist Church, with Mrs. Collins and their son, Edward, will return to Granite City to join with the congregation in observing the 21st anniversary of the church.

The Rev. Collins organized the church on Aug. 29, 1950, and served as its pastor for 14 years.

During the past 21 years the church, located at 21st and Benton Streets, has had four pastors. Beside the Rev. Collins, who is now pastor of a church in Louisville, Ky., the Rev. Robert Carr served the local church for three years. He is now a missionary in Guam.

The Rev. Fred Latch succeeded the Rev. Carr and was here for two years before going to St. Charles, Mo. The present pastor is the Rev. Robert Helms.

Special services will begin on Saturday and will continue through Sunday evening. The Rev. Collins will be the guest minister.

Special music will be provided by Edward Collins, the Victory Quartet, the Youth Choir and other groups. The public is invited to each of the services.

The Saturday evening service will be at 7:30 and on Sunday the schedule will include Sunday School at 9:45 a.m.; morning worship at 10:50 a.m.; a pot luck dinner at 12 o'clock in the fellowship room; and services again at 2 p.m.

At 6:30 p.m. films and slides, entitled "Memories of the Past," will be shown. The concluding evening worship service will be at 7:30.

Sept. 14 meeting, starting at 7 p.m.

There were remarks by a number of those present and a report by the Bethel 43 librarians, Miss Sue Sackett, was presented by a guest librarian.

Reports also were given by the girls and Miss Bella Blankenship and Miss Barb Phillips were named chairmen of the Mothers' Day to be held in August of each year.

Birthdays of Stuart Kinney, Kathy Parmley and Miss Blankenship and her father were observed. Decorations for the guest night were made by Miss Lana Dahlhaus.

Mrs. Dorothy Brokaw, president of the Mothers' Club, and her committee served refreshments to about 100 members and guests. Afterward a cake walk was enjoyed.

## Returns from 45-Day Trip Abroad

Miss Luann Barnes, daughter of Attorney and Mrs. Marvin Barnes, 2117 Waterman Ave., returned home over the weekend following an extensive 45-day tour of England and Europe.

Miss Barnes is an English teacher at the North Greene High School in Whitehall, Ill. While in Germany, she visited with a former student, Miss Alice St. John of Reedhouse, Ill.

The local resident received her master's degree in education this summer from the University of Illinois at Urbana.

The DeMolay band, "The Virtues," will be the featured musicians.

Discussed also was a reception for Charles E. Hileman, Junior State Master Councilor of Illinois, and Stephen C. Hileman, state scribe, set for 3 p.m. Sunday.

"Bonds For Braces" will be held Thursday, Sept. 16 in Wood River, and an official visit of the Grand Guardian Council on Sunday, Sept. 19 in Edwardsville, was announced. Initiation rehearsal will be held Sept. 12 from 3 until 3 p.m., and the initiation, combined with a "parents, grandparents and guardians night" will be observed at

## GC Navy Mothers Hold State Posts

Mrs. Norma Darnell, who has just concluded a two-year term as state commander of the Navy Mothers, returned Tuesday from Danville where she attended the state convention of Navy Mothers. She automatically became junior past commander for another two-year term, and also was appointed Naval chairman.

Another Granite Cityan appointed at the meeting, Mrs. Margaret Minzes, was named Veterans Welfare chairman.

A newly designed State of Illinois flag was presented to the state organization in the name of Commander Darnell. The presentation was made by Commander William Bratton of the local Disabled American Veterans chapter.

During the meeting announcement was made of the recent proclamation by Gov. Ogilvie designating an annual "Navy Mothers Day" to be held in August of each year.

Birthdays of Stuart Kinney, Kathy Parmley and Miss Blankenship and her father were observed. Decorations for the guest night were made by Miss Lana Dahlhaus.

Mrs. Dorothy Brokaw, president of the Mothers' Club, and her committee served refreshments to about 100 members and guests. Afterward a cake walk was enjoyed.

## 'Little Miss Jubilee' Crown Won by Olivia Schroeder, 6; Court Honored

By VALERIA EVENDEN  
Press-Record Staff Writer

The spotlight was brilliant, but 6-year-old Olivia Schroeder's smile was even brighter as she heard her name announced as the winner of the "Little Miss Jubilee" title Monday evening.

Eagerly awaited by five small girls, who earlier were named top finalists in the five-week contest, announcement of the winning candidate came during preliminary ceremonies at the initial performance of "Profiles in Progress," historical pageant.

The Diamond Jubilee Pageant reviews aspects of Granite City's 75-year history continues through Saturday with nightly performances in Wilson Park.

"Little Miss Jubilee" will reign over many activities planned for the week-long celebration in conjunction with the Diamond Jubilee Queen—Miss Janice Elaine Albers, who crowned the youthful contest winner in Monday's ceremony.

St. Elizabeth Pupil  
Olivia is the daughter of Mr. and Mrs. Herman Schroeder, 37 Del Rio Drive. She is a second grade pupil at St. Elizabeth Parochial School and is an avid reader and swimming enthusiast.

As the pageant audience applauded, a gleaming diamond tiara was placed on Olivia's long chestnut brown hair and a gold velvet robe, bordered with white ermine, was draped about her shoulders.

"Little Miss Jubilee" was presented the tiara by the Rogers Co., of Ohio, producers of the pageant. She also received a diamond-encrusted scepter, a gift of the First Granite City National Bank, and a gold trophy from the House of Trophies.

The "Little Miss Jubilee" finalists were escorted down a long ramp, flanked by the pageant cast members, and introduced to the audience by Mrs. Lily Chaboude, director of the contest.

Final Standings  
Final standing in the competition, resulting from the number of votes cast on the contestants' behalf by purchasers of tickets to the pageant, were:

Brigitte Kittel, 5, daughter of Mr. and Mrs. Carl J. Kittel, 2138 Edison Ave., first runner-up; Kellie Pickens, 6, daughter of Mr. and Mrs. William Pickens, 245 Pine St., second; Elaine Reinagle, 4, daughter of Mr. and Mrs. Edwin Reinagle, 2211 Waterman Ave., third; and Karlene Powell, 9, daughter of Mr. and Mrs. Troy Powell, 3213 Harvard Place, fourth.

The "Little Miss" queen and her attendants each received a gold bracelet with a heart-shaped charm, to be inscribed with her name at a later date. The bracelets were gifts from the contest executive committee.

The runners-up also were presented trophies, donated by Madison County Federal Sav-

ings and Loan Co., and carnation corsages from Ferd's Flowers.

An orchid corsage, also a gift from the local florist firm, was affixed to the white crinoline-style dress worn by "Little Miss Jubilee."

Olivia's grandparents are Mr. and Mrs. Albert Schroeder of Granite City and Mr. and Mrs. Everett Conaway of Pekin. She has a brother, Herman "Dutch" Schroeder Jr.

Event Filled Week  
The crowning ceremony Monday evening heralded the start of a "very busy week for Little Miss Jubilee and her attendants," Mrs. Chaboude said.

On Tuesday, the youngsters attended the "White Collar Girls" luncheon and style show and also an afternoon of display of fashions. Both events were staged at the Tri-City Area YMCA.

Later that day and on subsequent evenings, Olivia and her retinue were presented to the audience prior to pageant's dramatic opening number.

The five little girls were thrilled yesterday when introduced and congratulated by "Corky the Clown" during the television performer's appearance at the children's matinee segment on the Wilson Park midway site.

Other highlights of Wednesday's itinerary included a tour of the police department and a visit and inspection of the main fire station. Members of the lo-

"LITTLE MISS JUBILEE," Olivia Schroeder, 6-year-old daughter of Mr. and Mrs. Albert Schroeder, 37 Del Rio Drive, who accumulated the highest number of votes in the "Little Miss Jubilee" contest, part of the city's 75th anniversary celebration. She was crowned at Monday's performance of the Diamond Jubilee Pageant in Wilson Park.

cal police force provided an escort for the girls to Wilson Park during the afternoon hours.

Today promised to be equally as hectic for the royal quintet as they rode through Granite City at 10 o'clock this morning in the "Youth Day Parade" and were special luncheon guests of Mayor Donald Partney at Bill Burnett's cafeteria at the noon hour.

To Relax Friday  
Mrs. Chaboude said tomorrow the tiny queen and her attendants will relax at home and prepare for another enjoyable event, scheduled to take place at 10 a.m. Saturday.

The occasion will mark selection by the girls of their personal gifts from among more than 50 individual presents donated by local merchants, business firms and others, the contest director advised.

In order of their finish in the contest, each youngster will select a gift, starting with "Little Miss Jubilee" and progressing through each attendant, then returning to the top candidate until all gifts are distributed, Mrs. Chaboude explained.

Among the presents from which the quintet will make their choice are a television set, two record players, a clock radio, a large transistor radio, two smaller transistors, two radios included in toy dolls, record albums, a \$25 U.S. Savings Bond and numerous gift certificates from local retail merchants.

The gifts have been displayed at the Illinois Power Co. offices. The children will make their selections Saturday at Jubilee headquarters, 1930 Edison Ave., the director said.

Forty-eight girls, between the ages of 3 and 12 years, com-

peted for the "Little Miss Jubilee" title by selling coupons, which still may be exchanged for pageant tickets, to accumulate votes. The contest started July 19.

Among those serving on the contest committee with Mrs. Chaboude were Mrs. Rebecca Slate, Mrs. Dolores Allen, Mrs. Catherine Michel, Mrs. Fanny Epstein, Mrs. Carol Chaboude, Mrs. Bonnie Lazenby, Mrs. Dorothy Nenninger, Mrs. Valerie Stevens, Mrs. Wendy Townsend, Edwin F. Reiske, Paul Lichtenberger, Louis Pashoff, Allen Jessee, Miss Hetty Sheppard, Eugene Burnett, Henry Karand, Charles H. Norman, Robert Schuseler and Bill Herman.

Jubilee Food Contest  
Attracts 31 Entries  
The Food Contest held Tuesday morning at the rink pavilion as one of the events marking Ladies Day during Diamond Jubilee week, attracted 31 entries from 31 local women.

An auction of the food items exhibited created an air of excitement as the ladies bid for the blue ribbon cakes, breads, jams, jellies and pickles. Mrs. Clara Parker proved a talented auctioneer, during the sale conducted at 7 p.m. Tuesday.

Any of the ladies who did not pick up their place ribbons at the time of the contest may do so at the Diamond Jubilee Headquarters, 1930 Edison Ave.

Lawn Mower Stolen  
A lawn mower valued at \$110 was stolen from the unlocked garage of Lawrence Barnhart, 2261 Edison Ave., he reported at 8:45 p.m. Tuesday.

## 'Bigger, Better' DuQuoin Fair Will Begin Saturday

The 49th annual DuQuoin State Fair gets under way Saturday, Aug. 28, and from all indications promises to be "bigger and better" than ever before.

The well-worn slogan—adopted in 1923 when W. R. Hayes, a young horseman, showman and businessman staged his first fair—has become somewhat synonymous with the DuQuoin Fair for many years, but probably has never been more fitting.

Advance ticket sales are up considerably over recent years, and the 10-day 1971 extravaganza, which runs through Labor Day, Sept. 6, has an unusually full lineup of shows and events.

First scheduled event, opening on the DuQuoin fairgrounds this week and will be in operation throughout with its rides, side shows and games. Also scheduled daily are dances at "The First Heat."

Farm and home products will be judged the latter part of this week and will be on display opening day in the exhibition hall at the main grandstand. Livestock contests begin Monday, Aug. 30.

Only cooperation from the weatherman is needed to make Southern Illinois' biggest fair a record success, the Hayes family reports.

Auto Tire Punctured  
The left rear tire of the auto of Carl Callender, Glen Carbon, was slashed and punctured while it was parked near the Granite City Steel Co. lot at 20th and Nash streets, he reported at 1:35 p.m. Monday.

Can you spot the Volkswagen?

lost among five of the world's great classic Volkswagens.

The VW Karmann Ghia. If you could see it with a 170 mph sports machine, we wouldn't be surprised.

The ray lines are the work of a famous sports car designer, the Ghia studios of Turin, Italy.

And the bodywork is the handwork of one of Europe's oldest custom coachmakers, Karmann of Osnabrück.

What makes the Karmann Ghia a Volkswagen is everything that makes it go. Independent 4-wheel suspension that takes curves like a racer. Surprisingly smooth 4-speed gear box. And an air-cooled engine that gets up to 26 mpg.

Of course, you can't reach the speed of a \$15,000 Ferrari (top left), a \$16,000 Lamborghini (top center), a \$9,000 Mercedes-Benz (top right), a \$15,000 Maserati (bottom center), or a \$14,000 Aston Martin (bottom right) in a Karmann Ghia (bottom left).

But it costs only \$2,575 to give the impression that you can.

\* SUGGESTED RETAIL PRICE P.O.E. LOCAL TAXES AND OTHER WAIVER DELIVERY CHARGES, IF ANY, ADDITIONAL PRICE SUBJECT TO CHANGE.

### Hair Fashion Contest is Diamond Jubilee Event

Students of Joseph's School of Hair Fashions participated in hairstyling competition at the YMCA Tuesday evening as a feature of the Granite City Diamond Jubilee.

Twenty-three students entered the free-form styling competition. Students were allowed 45 minutes of competition styling time. Contestants' models were judged on adaptability, execution and creativity.

Judges for the competition were: Norman Brooks, owner of the Razors Edge Barber Shop; Fred McCulligan, men's hair stylist at the Razors Edge Barber Shop; Rudy Novack, Stephanie's Ladies Apparel; Mildred Hordeky and Kathy Baker, both past graduates of Joseph's School; Joyce McKinney and Linda Roth, both of Joseph's Salons of Hair Fashion; and Mrs. Alice McGee, a committee woman for the Jubilee. Official scores were Mary Coulter and Darlene Waller of Joseph's Hair Fashions.

All contestants received certificates of participation from the school. Mrs. Emyle Alford, women's committee chairman for the Jubilee, presented each of the participants with a banner for participating in the Jubilee.

Contestants were Ruth Bird, Donna Blum, Shirley Carlton, Rickey Crites, Herbert Kunkley, Carol Master, Vonda Mayes, Alice McElvain, Debbie McKinney, Judy Meyer, Judy Moss, Kaye Motes, Susan Ritchie, Vickie Simmons, Pat Shands, Brenda Shackelford, Becky Yberra, Pam Bringer, Debbie Adams, Shari Yokley, Sharon Jones and Debbie Moore.

Mrs. Helen Cockrum, instructor and manager of the Joseph's School, was commentator. Mrs. Marie Ray and Mrs. Shirley Purts, instructors of the school, assisted in preparations for the competition and in awarding trophies. Mr. Joseph, owner of the school, also assisted in awarding the trophies.

### Dear Nana--Let In-Laws 'Row Their Own Boats'

By JACKIE STEFANICH  
Copley News Service

Dear Nana:

My in-laws have carefully planned for their retirement, which isn't far off. But my husband and I are worried that they may be making a mistake in the type of life they've selected.

My father-in-law has a chronic arthritic condition which isn't going to get better. In fact, we've noticed it's getting worse each time we see him. And his doctor has said that he could be an invalid in a wheelchair someday.

As an old sea dog in the Navy during World War II, my father-in-law has always loved the water.

So last month they bought a big houseboat that they intend to live on next year when they both retire.

My husband and I don't object to this but we're afraid the dampness from the river that they plan to live on will be too much for my father-in-law.

And they'll have their life's savings tied up in this type of living. What in the world will they do if my father-in-law

can't stand the damp climate from the river.

Please don't print my name as both my in-laws read your column. But my husband and I would appreciate any advice you can give on this matter.

**Dear In-Laws:**

If your in-laws have planned so carefully for their retirement, I wouldn't worry about them making any mistakes.

I'm sure they've already considered the climate conditions of their future residence, as both your in-laws sound as if they are quite capable of doing what's best for them.

Besides, how else will they know if a houseboat on the river is the type of living accommodations they want unless they try it?

However, in the event your in-laws find this isn't satisfactory, there are many rivers throughout the United States that are located in a dry, warm climate that's marvelous for arthritis.

That's one nice feature a houseboat has over a house. It can always be moved, so all wouldn't be lost.

I'd say you're crossing bridges or houseboats before it's necessary. Relax and let your in-laws enjoy their retirement living their way.

### Grant's Farm Trip Planned

Kirkpatrick Homes Golden Age Circle held a business meeting Tuesday afternoon in the recreation hall of the project with 43 members attending.

Lee McClew, president, was in charge and plans were made for a bus trip to Grant's farm Sept. 21, providing reservations can be made. Reports were given by Mrs. Grace Paddock, Mrs. Peggy Gibbons and Mrs. Ruby Corbett and a pot luck dinner was to be held Tuesday, Sept. 14, was announced.

A club member, Mrs. Ethel Robinson, was winner of first prize for the best decorated cake at the 75th Year Jubilee contest, it was reported.

After the business session there was a birthday party for Mrs. Caroline Lux, Mrs. Alma Klaus, Mrs. Anna Mundy, Mrs. Edith Young, Mrs. Mildred Reese and Mrs. Mae Wetzel.

The attendance prize was won by Mrs. Peggy Gibbons and in the games, Mrs. Ida Cassel, Mrs. Alma Klaus and Mrs. Minnie Kuschmitz excelled.

Have you ever wondered why Tri-City Grocery Co. Beef is always so delicious? Well, for one thing, it is all U.S. Government graded "CHOICE." That means it has been graded "CHOICE" by the U.S. Department of Agriculture. Our meat buyer, Claude Miller, picks out only the best of the lot for our stores. He makes sure it is well marbled for flavor, has a bright color that indicates freshness and a fine grain for tenderness. No wonder it is so delicious!

### HOME FROM BAHAMAS

Mr. and Mrs. Jack Richardson, 30 Mikel Drive, returned home Tuesday from a two-week vacation in the Bahamas.

Accompanied by Mr. and Mrs. Ron Ruppel of St. Louis, Mr. and Mrs. Rich Ruppel, Steve Steinke of Collinsville and Dr. Chris Geroff, they visited Andros Island, where they spent several days scuba diving and then went to Nassau. After arriving in Miami by plane, they motored home.

"Ghosts and things" was the theme of a weekend slumber party given by Dan Ramsey, daughter of Mr. and Mrs. Dan Ramsey, 36 Mikel Drive.

In attendance were Bonnetta Chilton, Tracy Angleton, Leslie Ybarra, Becky Moorman and Sherri Pryor. A "seance" was held, palms were read and ghost stories were told, after which refreshments were served.

Mrs. Ramsey served breakfast to her "slumberless" guests the next morning.

### Mrs. Katie Potillo

Dies at age 87

Mrs. Katie Potillo, 87, of 2258 Adams St., a Granite City resident for 38 years, died at 9:15 a.m. Wednesday at the Colonial Manor Nursing Home in Marysville. She had been in ill health one year and was a patient at the nursing facility the same length of time.

A native of Pittsburgh, Pa., Mrs. Potillo came to Granite City in 1933. She was a member of Dewey Avenue Methodist Church. Her husband, George Potillo, died in October 1966.

Survivors include four sons, Melvin, Raymond, Sam and Jerry Potillo, all of Granite City; two daughters, Mrs. Hal (Grace) Warford of McLeansboro, Ill., and Mrs. Irma Whitney of Evansville, Ind.; a sister, Mrs. Theresa McConville of Denver, Colo.; 16 grandchildren; 23 great-grandchildren and one great-great-grandchild.

Funeral arrangements are given in today's obituary column.

### ST. ELIZABETH CHURCH

TO MARK 100TH YEAR

The Altar Society of St. Elizabeth Catholic Church met Tuesday evening in the church hall, with the president, Mrs.

Joan Chilbec. All recited opening prayer, and reports were given by the secretary, Mrs. Kathy Moore, and treasurer, Mrs. Sue Kurilla.

Committee reports were presented and Mrs. Betty Stegelmeier, chairman of the annual Christmas bazaar in November, spoke on the event.

Mrs. Ann Pare spoke on St. Elizabeth's centennial to take place the first week in October. Special events are planned and will take place on the church grounds. A discussion was held on the church's entry in the Jubilee parade.

The annual "Sisters' pantry shower" will be held at the

September meeting, and each member is to bring groceries and a wrapped "while evening was spent in a social hour and reporting on items being prepared for the bazaar.

Two new members were introduced — Mrs. Jackie Martin and Mrs. Mary Jane Hart. A dessert course was served by the co-hostesses, Mrs. Sue Gasparovic and Mrs. Stegel-

meier. A floral centerpiece was given to Mrs. Joyce Gasparovic. The remainder of the evening was spent in a social hour and reporting on items being prepared for the bazaar.

## Entertainment Set For Kirchenfest

Entertainment for the two day Kirchen fest planned by St. Paul's Catholic Church, Highland, Saturday and Sunday will include both amateur and professional groups who will provide free, continuous entertainment both days.

On Saturday music, singing and dancing will be provided from 5 p.m. to 1 a.m. by the St. Paul School Band, Small Society, Rick Dumsdorf and Group, Dave Lampe and his

Boonkessel Band, Edelweiss Band, and Square Dancers. Continuous entertainment Sunday will be from 1 p.m. to 12 midnight with such groups as the Jamestown Band, Small Society, Fern Klaus, Dave Korte and Company, Ted "Doc" Little, (Bluegrass Music) Morris

Zohrist, Edelweiss Band, Rick Dumsdorf, Clete Andres Orchestra, Barbershop Singing, Mississippi Valley Chorus of Collinsville. Sunday afternoon also will be highlighted by a special "jam" session where any interested musician is welcome to sit in and join the music and fun.

**Sen. Lyons Dies Today**  
State Senator William Lyons of the 52nd District, which includes Collinsville, died this morning at St. Mary's Hospital, Richmond Heights, Mo. A resident of Gillespie, he became ill in late June, several days before the end of the legislative session at Springfield.

**Tools Stolen**  
Karney Hackney, Overland, Mo., told police at 11:30 a.m. yesterday that \$200 worth of his tools had been taken from the Nelson Construction Co. at the Broadway underpass project in Venice. Taken were a socket and wrench set and an electric grinder.

**Dog Guards Victim**  
Marian Kingsley, 42, of 1822a State St., injured her right leg when she fell in her back yard at 8:40 a.m. Wednesday. Efforts to take her to St. Elizabeth Hospital were thwarted briefly as her German shepherd dog guarded her.

### Kroger Cooperating in Anti-Inflation Order

Kroger Food Stores has pledged cooperation in every way toward meeting President Nixon's goal of halting inflation. Charles White, vice-president of the retail food firms St. Louis Division, said, "Inflation is the biggest problem facing our nation today. It has handicapped customers and business alike."

"Kroger and other food stores have been caught between drastically rising costs of doing business and our desire to hold prices as low as possible for shoppers."

White said the company has taken steps to comply fully with the executive order. He noted that customers have expressed curiosity about two areas, including whether there still be weekly advertised specials. The answer is "Yes."

"Each week we will offer items at low, special prices, just as we have in the past. Under no circumstances will any price be higher than established under the terms of the President's order."

Are all items in the store included in the freeze? "The only items not included are raw agricultural products such as eggs or fresh fruits and vegetables. These items will rise and fall in price on a supply and demand or seasonal basis, as they have in the past. Kroger will continue to utilize all our resources to offer shoppers the benefit of the best values available."

#### Tavern Burglarized

Burglars took \$20 from Garrett's Cut Rate Liquors, 337 Weaver St., Venice, Tuesday night after breaking in the door on the west side of the building which led upstairs. The tavern was entered through the tavern ceiling.

# Nixon Impressed Ogilvie And Audiences in Illinois

BY GOVERNOR  
RICHARD B. OGILVIE

Springfield, Ill. — Everybody likes to be a good host, which means that his guests enjoy themselves.

That's true whether you're entertaining your favorite uncle or the President of the United States.

I had the pleasure of being the President's host at the State Fair, and I believe he was enormously pleased at his visit.

The size of the huge crowds of people was an indication of their enthusiasm, but the way people behaved on meeting the President in person struck me even more forcefully.

One young woman who had waited a long time with her children and her husband burst into happy and excited weeping as the President stopped to greet her.

He talked with her at some length, trying to calm her down, and there was no mistaking the deep impression their conversation had on her.

At another stop, I brought our pretty Illinois County Fair Queen, Linda Schultz, to meet Mr. Nixon. I know how poised she is, but on this occasion I could see the tears glistening in her eyes.

Much of the crowd reaction also reflected a realization of the tremendous responsibility that America's position in the world imposes on a President.

For it's a fact that during the nearly three hours I was with our honored guest, Illinois was the news capital of the world.

Every word he says makes news — sometimes in virtually every country of the world.

Yet as I saw him and talked

with him during the visit, I was impressed with his human qualities.

Mothers pushed their babies forward toward him, and Mr. Nixon, like any parent, was concerned for their safety in the swirling crowd.

"Be careful, be careful," he kept saying.

Toward the end of the visit, at about 2 o'clock, he turned to me and asked:

"Did you ever get any lunch?"

"No," I said. "Did you?"

Neither of us had had a bite, and we chuckled together about this.

We talked business, too, and I was impressed with the detailed knowledge he showed of the matters that concerned me.

Earlier, he had spoken on the legacy of President Lincoln for nearly 15 minutes at the ceremonies in the Old State Capitol.

Using no notes or text, he made clear how deeply he feels the responsibilities of the presidency.

Yet in small matters, in the relative privacy we enjoyed together, he remained a calm and human kind of man.

Someone light-fingered the cuff of his shirt, and made off with a cufflink.

The President, noticing the open cuff a few minutes later, quietly called on an aide and asked for another set.

He put them on, and remarked shortly that rings on many of the hands he shook

scratched his hand. He seemed to imply that it was part of the job—and he still had two more public events on his schedule that day.

As our car went up a rise, we both turned back to look at the huge throng on the fairgrounds.

In that crowd, you could almost feel the weight of the obligation on Richard Nixon, and I sensed his determination to honor it to the fullest.

I recalled the man I talked with for several hours quite a few years ago when he was just a former vice president.

The same command of facts, the same graciousness and attention to people — these were present as before.

But the added dimension of his present job seemed to enhance these qualities, rather than diminish them. After I left him at the airport, I returned to the State

Fair for a few remarks. In essence, I said:

The President of the United States is the Number One citizen of the entire world.

In a nation split by war and by race, as this nation was under Lincoln, the President must be capable of making the hard decisions that a really strong and dedicated man has to make.

And I feel keenly that our President will try his utmost to meet the toughest test.

### WEDDING OF NEPHEW

Mr. and Mrs. Ernest Gray, 2606 Jerden Ave., and children, Beverly and Tony, returned home Monday from Missouri, where they attended the wedding of Mrs. Gray's nephew at Iberia. The groom, Joseph F. Smoot, a former local resident, is the son of Mr. and Mrs. Frank T. Smoot of Iberia. His bride is the former Kathy Gildewell, daughter of Mr. and Mrs. Jesse Gildewell of Moberly, Mo.

Reception guests included his grandparents, Mr. and Mrs. Patrick W. Carson of Bromley, also formerly of Granite City. The newlyweds will make their home in Iberia, and the groom is employed at Eldon, Mo.

In Missouri the Grays hosted a dual birthday dinner and party for Mrs. Grays' mother, Mrs. Mary Carson, and the Grays' son, Tony, who was born on his grandmother's birthday.

Mr. and Mrs. Ed Schreiber, 2809 Lincoln Ave., and their daughter, Chris, entertained at a family dinner this week. Guests were Mr. and Mrs. Jesse Hornback and Mrs. Paula Erlinger, Granite City, Hugo Flettsam and Mr. and Mrs. Kenneth Heil, New Athens, Kenneth Fletsam, Belleville, and Mr. and Mrs. Jim Saelele and son Robbie, St. Louis.

MRS. MICHEL CROWNED  
Mrs. Verna Michel was crowned queen at a weekly meeting of the Destination Kops Club Monday evening in the home of Mrs. Billie Bagl, 3119 Harvard Place.

The leader, Mrs. Vernie Von Vida, led the opening and reports were given by the secretary, Mrs. Carol Williams, and treasurer, Mrs. Linda Miles. An American Institute of Bakeries guideline on nutrition was discussed and the leader distributed yearbooks and a

## DIVINE HEALING TO BE EXPLORED IN SERMON

What underlies today's interest in Divine healing? This is a question to be explored at Christian Science Church services Sunday in a lesson-sermon entitled "Christ Jesus."

The restoration of sight to the man born blind is one of the healings of Christ Jesus included in the Bible readings. It contains this insight: "If this man were not of God, he could do nothing."

Services at First Church of Christ, Scientist, 2560 Delmar Ave., begin at 10:45 a.m. All are welcome.

## Famous Teens-- Discipline Irked Miss Rubenstein

By BETT ANDERSON  
Copley News Service

Helena Rubenstein's mother didn't want eight old maids on her hands. So she started early, when her daughters were in their teens, to teach them good grooming.

Living in Krakow, Poland, where the winds were blustery and the snows were checkpinned, it made it difficult for the Rubenstein girls to maintain a soft, smooth complexion.

Their mother was always urging them to use an herb-based cream made by a local chemist named Dr. Lykusky.

This cream later became the foundation on which Helena based her cosmetic business.

By the time Helena was 14, she could sew, knit and braid. She was a beautiful brunette and loved to have a lot of dates.

But her mother was very strict, not allowing her to go to parties where there were boys. Helena began to rebel at so much discipline. She hated the heavy, antique furniture in her room.

When her parents went on a trip, Helena sold everything in her room and bought gayer and more "mod" furnishings. The Rubenstein girls were a p p l e d . They bought all the old things back and brought them home again.

Helena's father decided she should study medicine and work in a hospital. That was not Helena's bag. She gagged at the sickroom odors and fainted at the sights.

So Mr. Rubenstein, being a good, old-fashioned Polish father, picked a young man for Helena and said that she must get married. Helena rejected the prospective husband just as she had rejected the hospital.

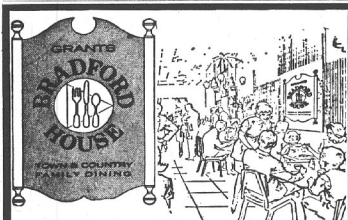

Now there were tears, tantrums and turmoil. Helena packed up to go to Australia and live with her uncle.

In Melbourne, the 18-year-old Helena, forced to make a living, thought a beauty salon would be groovy. She borrowed money and rented one room. She sent for Dr. Lykusky to assist her.

She worked 18 hours a day and had no time for boys or going steady. In only two years, she had to rent five more rooms.

It was this dedication that boosted her tiny one-room business into a cosmetic empire. She wanted to do her thing. She did it so well that her name became internationally known and, eventually, several of her sisters worked for her.

## City Hall Ceremony Marks Jubilee 'Youth' Program

A public ceremony at City Hall installing an honorary mayor, honorary police chief and honorary fire chief highlighted the opening of Youth day today as part of the Diamond Jubilee celebration.

Dominated by the "fair" sex two of the three "city" officers were occupied by girls selected by the Granite City Student Council. The council is headed by Pam Holik, the first girl to hold the office of president in several years.

Nancy Riggs, 17, daughter of Mr. and Mrs. Lester Riggs, 3088 Ramona Drive, was selected as honorary mayor; Vicki McFain, 17, daughter of Mr. and Mrs. William McFain, 324 Kilarney Drive, served as honorary fire chief, and Michael Busch, 17, son of Mr. and Mrs. Patrick Busch, 25 Bermuda Lane, was the honorary police chief.

The day's events began with a parade of decorated autos from the high school parking lot on Fehling Road to City Hall for the "Youth in Government" ceremonies at 10 a.m.

Art Leavelle, a history and government teacher at Granite City High School, is serving as chairman of the Youth Activities.

### Motorcyclist Injured, Treated at Hospital

James Webb, 19, of 4313 Vine Blvd., was injured when a motorcycle upon which he was riding, operated by Kerry Brumley, 19, of 2316 Orville Ave., went out of control and jumped a curb at 11 p.m. Monday at Morrison and Maryville roads. An auto had pulled in front of him.

Webb was taken to St. Elizabeth Hospital with pains to the left hip and abrasions to the right leg and was released following x-rays.

### Auto Runs Off Road

An auto driven by Frederick J. Lach, 19, of 2316 Orville Ave., ran off the road by an unknown driver at 1:30 a.m. Tuesday at Pontoon Road and the Alton & Southern Railroad tracks.

### Air Unit Damaged

Mike Mejaski, 2809 Sunset Drive, reported at 1 p.m. Monday that vandals damaged the air conditioning unit outside the rear of his home during the first week of August.

## Airport Hearing Response--Boos to Praise

St. Louis Mayor A. J. Cervantes was booed as he told a crowd at the airport hearing Monday that a site for a new airport near Waterloo, Ill., is superior to either of two Missouri sites and far more practical than expanding St. Louis International Airport (Lambert Field) to meet projected growth.

Cervantes was among the speakers at a standing-room-only hearing on the proposed Waterloo site for a new St. Louis Metropolitan Area airport. Also in favor of the chosen site was East St. Louis Mayor James E. Williams who said that if a proportionate number of blacks were hired in the building and operation of the airport, the result would be a revitalization of inner-city areas of the metropolitan region.

A matinee at the Washington Theatre for youngsters of pre-teen age was scheduled for a afternoon for a special admission price of 25 cents.

A more strenuous activity will be the old-fashioned games of skill and dexterity planned from 3 to 5 p.m. at Wilson Park. Prizes will be awarded in the watermelon-eating contest; sack races; egg-throwing contest and wheelbarrow races.

A youth dance and splatter party will be held at the Wilson Park pool and pavilion tonight. A band will play during the swimming and dancing, scheduled from 8 p.m. until 11 p.m.

Rides and concessions will be in operation from 6 p.m. until 10:30 p.m. Presentation of the historical pageant, "Profiles in Progress," is scheduled at 8:45 p.m.

conditioning, blacks had run them out of the building. "This is the kind of labor problem we've got," Gist, a black, commented.

"You can plan all you want to build an airport, but I give you fair warning that you had better provide for the socio-economic aspects or there'll be trouble," Gist warned.

Several speakers, mostly farmers with property near the proposed airport, spoke against the site and urged the location of the airport in Missouri where the government is supporting sites at Dardenne or Smart Field in St. Charles County.

Woodrow Baltz, Millstaid banker and chairman of Help Us Save the Land and Environment (HUSTLE), said the airport would destroy wildlife, fertile farmland and one of the nation's best rare fossil sites.

Baltz disagreed with Arven H. Saunders, executive director of the airport authority, on the amount of land which would be needed for the facility. He said the city would cooperate in the training of blacks for the project.

About 250 persons jammed into the Southern Illinois University-East St. Louis building at 411 E. Broadway, in stifling heat due to a broken air conditioner, for the last of three hearings.

Would Lease Land  
Saunders said from 14,000 to 20,000 acres would be all that will be necessary and most of that would be leased back to farmers until needed. He said that in the primary site, 157 homes, 117 farms and two businesses are affected and a secondary expansion area includes 185 homes, 425 farms and 26 businesses, he commented.

Gives Warning  
Arthur Gist, East St. Louis director of SIU activities, explained that when white workers attempted to repair the air

while not perfect, the displacement was far less than would be encountered expanding Lambert Field. Mayor Cervantes said expanding the present facility would either displace 51,383 persons or \$111 million worth of industry, including McDonnell Douglas aircraft.

Despite several speakers who opposed the Waterloo site and a crowd that was at times openly hostile, the majority of speakers were in favor of locating the airport in Illinois. Speakers for the plan included representatives of the labor council, the state government, Parks College of Aeronautical Technology, the Metro East Labor Council and Southern Illinois University-Southwestern.

The public hearing was the last of three set by the airport authority to determine the public's reaction to the proposed site. Prior hearings were in Waterloo and Belleville. Future hearings will be held by the Federal Aviation Administration before final site approval is granted.

## Now That Granite City Is 75, LET'S GROW UP

To the Editor:

As a pastor in Granite City and in keeping with our 75th diamond jubilee observance, in my church's weekly mail-out I saluted our city on her 75th birthday.

I expressed my love for Granite City, adding: "It's a great place to live. To me it's 'home'."

But then on Thursday I read in the Press-Record a news item that made me wonder if my pride in our city is just "home" or "home" to me.

The news item was entitled: "Letter by Scroggins Irks Some Aldermen."

It seems that our city attorney sent a letter to the city council explaining his absence from that Monday night's council meeting.

In his letter, he stated: "Although it is not necessary, I would point out to you that the body of the city that my attendance at city council meetings greatly surpasses that of a certain loud-mouthed alderman who enjoys seeing his name in print." And, of course, the ball was grabbed.

I am irked, too. We're 75 years old now! Let's grow up and act our age.

As councilmen and city officials and leaders, let's cut engaging in such petty childish squabbling.

As mature men and a mature city, let's stick to principles and work together to make our city truly a great place in which to live.

## ANOTHER SONG OF THE 'BORESOME FOURLSOME'

To the Editor:

I thought you might like to see this song; it is a parody on "Everything's Up to Date in Kansas City."

The words were written by Fred Werner of the Boreome Foursome.

It was written for one of the choir shows we put on for First Presbyterian Church, and Aloise Smith and I were the singers.

I sang with Fred and also Milt Allen and they were both terrific.

My husband and I have been enjoying all the articles on Granite City in the Press. We only wish we could be there to take part in the celebration.

Here is the song parody: "Everything's Up to Date in Granite City."

They've gone about as far as they can go.

They went and put three stop signs on Namek Road.

And now the flow of traffic doesn't flow.

Everyone's in a daze in Granite City.

The streets are full of holes and bumps and mud.

They've got a board of aldermen that meets and meets and meets.

Who do a lot of promising but never fix the streets.

The only time our roads are smooth is when it snows and sleets.

Oh! They've gone about as far as they can go.

They've gone about as far as they can go.

MRS. JOHN (N.E.) COSS

## LETTERS NEEDED TO REMAIN IN AMERICA

To the Editor:

I am writing to ask you to publish the story of a friend of mine. My friend, call him Mike.

Mike is an immigrant from the U.S.A.

He left his country with little more than a faint hope in his pocket. He started to work the next day, knowing he shouldn't, but just trying to feed and house himself.

When talking to the immigration people, he didn't lie about it. He told them he was a worker.

Mike worked his way across this vast country of ours to the Midwest, where he settled in Belleville, Ill. To stay in this country, he had to hold down a job.

He took a job paying \$1.50 per hour as an electrical repairman, working for a local firm. After working some time, Mike found it hard to live decently at such a wage.

He asked for a raise and was denied this due to the class work he did. Mike then asked for a higher position, but was denied this due to a language barrier.

Mike's only other solution was to leave his job for a better paying one. He worked several jobs after that to feed and house himself, until he settled where he is now, a clerk on a local railroad, making \$3.98 per hour.

Mike's problem now is the Immigration Bureau requires that an immigrant hold down a skilled job that no U. S. citizen is willing or able to fill.

They say a clerk isn't skilled and that there are citizens willing to work that job. Because of this, they say Mike must voluntarily leave this country by Sept. 1.

Mike did not take his present job over one year ago to do some citizen out of a job. He simply did what any person living in this country, be citizen or immigrant, would have done.

He tried to advance himself to a decent wage on which to live. Even now he is trying to appeal his deportation orders by selling his few possessions to hire a lawyer.

He isn't going to chain himself to a stone pillar in order to be allowed to stay here, as one young girl did recently.

If he fails in his appeal, he will go willingly, with just fond memories of the nearly four years he spent here and how close he came to his dream.

All he asks is that the people who are sympathetic to his problem write or wire the President of the United States these few words: "Let Mike stay in America."

A FRIEND OF MIKE

# Free Driver Education in State

(Tri-City and Illinois Bar Associations)

Illinois law requires that all public school districts offer driver education courses at any school with grades nine through twelve driving.

Furthermore, these courses are open without charge to students from private schools.

Also, safety traffic education begins in the primary grades, where instruction is given at least once a week in grades one through eight. This instruction continues in at least one of the years in grades ten through twelve.

The high school driver education courses include both classroom instruction and practice driving. Each student is offered at least six hours of individual behind-the-wheel driving.

The classroom courses for sophomores, juniors and seniors emphasize development of necessary knowledge, attitudes, habits and skills.

In many schools, driver education courses also include classroom instruction on the safety rules and operating of motorcycles. But these studies are open only to students who have successfully completed the regulation driving courses.

These were planes designed before pollution became an issue as it is today.

The industry is currently doing research to solve these problems. New burner designs have eliminated smoke from older engines and these are being retrofitted on airliners rapidly.

The new engines coming out are high-bypass-ratio turbofans that are much quieter than their predecessors and are smokeless.

Most of the noise is generated during take-off and landing, so the buffer zone will be left around the airport will minimize any of the remaining noise that is not designed out.

We know of no concentration of wildlife in the proposed areas that would be adversely affected.

Water pollutants can readily be treated so that they are not carried into streams, rivers or lakes, with any detrimental effects.

The foregoing are effects of an east side location of the airport as seen by an east side resident when he looks at the effects on his own area.

What would be the overall effect to the metropolitan area of an east side location of the airport?

(1) Land costs and site preparation costs compare favorably with other areas.

(2) The existing airport is not in proximity. The relocation of structures as obstructing to navigation would be minimal. There is not an excessive displacement of existing facilities, and the qualities of the area are well suited for airport construction.

(3) The majority of people traveling into St. Louis on business go into downtown St. Louis, an east side location would provide the quickest access to downtown St. Louis.

The existing Interstate Highways in St. Louis provide quick and easy access to the downtown airport for residents of St. Louis County.

Existing and proposed highways along the proposed access for Illinois residents.

The rapid access to downtown St. Louis will assist in attracting conventions and their economic boost to the area. This, along with anticipated development in the proposed area, should make St. Louis the hub of the metropolitan area, which is as it should be.

(4) Funds have already been appropriated for financing this venture by the Illinois Legislature so work could begin rapidly on the east side once approval is received.

Comments by Henry D. Karandoff, chairman of the Granite City Trust and Savings Bank and of the American National Bank of Granite City, at the St. Louis Metropolitan Area Airport Authority hearings.

My purpose in appearing is to register with you the position that I, personally, and the boards of directors of the two banking institutions that I have the honor to represent, have taken concerning the proposed location of the St. Louis Metropolitan Area Airport.

We first want to commend the directors of the Airport Authority for their painstaking thoroughness and the enormous amount of research on the part, and also for their good judgment in selecting a professional organization to conduct the in-depth investigations in the selection of locations for the airport.

## Man Arrested in Madison After Police Chase

George Cleveland Wadlington, 30, of Alton, was arrested at 5 p.m. Monday in Madison and charged with forgery, escape, aggravated assault and resisting arrest after allegedly attempting to cash a stolen check and then trying to elude Madison officers.

He was arraigned in Granite City Tuesday. Bond was set at \$14,000.

Police were called to Hicken's Clothing Store, 408 Madison Ave., Madison, at 4:55 p.m. Monday and informed a man and a woman had attempted to cash a stolen check for over \$300. While patrolling the area, Officer Charles Bridick saw Wadlington, who fit the description given to him and arrested him in the 1500 block of Fifth St.

Bridick reported he placed Wadlington in the rear seat of the squad car but he jumped out of the back door and ran between houses at 1526 and 1528 Fifth St. Officer Bridick called for assistance and then chased Wadlington, firing a warning shot at him in the alley between Fourth and Fifth streets.

Wadlington, Bridick reported, put his hands in the air as he ran and yelled, "go ahead and shoot me." Madison Investigator Paul Bargiel arrived and began chasing Wadlington across Madison Avenue and west through the alley between the 1400 blocks of Fourth and Third streets. Bargiel fired two warning shots as he chased Wadlington.

Bargiel reported Wadlington ran into the rear door of a house at 1431 Third St., and ran out the front door and across Third Street. He was stopped in a back yard in the 1400 block of Third Street but after Bargiel arrested him, he broke loose and ran again, the officers said. Bargiel chased him into the alley between the 200 blocks of State Street and Madison Avenue where he again arrested Wadlington and Wadlington allegedly swung a fist at Bargiel. Officer Bridick arrived and both policemen forced Wadlington to the ground and handcuffed him.

## Mrs. Mattie Lacy, 75, Dies; Rites Today

Mrs. Mattie Lacy, 75, of 2133 Delmar Ave., a native of Glasgow, Ill., was pronounced dead upon arrival at St. Elizabeth Hospital at 2:20 p.m. Monday.

Mrs. Lacy had lived in Granite City a year and a half. She belonged to the Royal Neighbors of Patterson, Ill.

Her husband, William C. Lacy, survives. Other survivors include a sister, Mrs. Maude Johnson of Patterson, Ill.; two brothers, John "Ben" Hahn and Howard Hahn, both of Granite City.

Funeral services will be conducted at 2 p.m. today at a funeral home in White Hall, Ill. Burial will be in the Pine Tree Cemetery, Patterson, Ill.

# Community Growth Tied to Health Of Business, Area Leaders Told

By MARION BARTOSIAK  
Press-Record Staff Writer

"You've come a long way, baby," Urban T. Kuechle, president of the A. O. Smith Corp., told 125 business leaders at a Diamond Jubilee luncheon Monday at the officers club of the Granite City Army installation.

In the event sponsored by the Chamber of Commerce of the Tri-Cities in which business leaders scored critics of business

and profit making, presented a brief review of the city and its industrial growth and related a once stormy history of the A. O. Smith plant here.

"Seventy-five years old, with good health and vigor, is something to celebrate," the executive said as he compared the city with that of 18 years ago when his firm was looking for leaders were recognized, Kuechle said.

"What intrigues me most

about the history of Granite City is that your actual birth came about because businessmen wanted to establish a new city for the purpose of building factories to produce goods to sell throughout the country," Kuechle said.

"The very name of your city comes from the ingredient used to manufacture granite ware, those pots and pans made by the Niedringhaus family."

**Growth and Prosperity**  
Kuechle, head of A. O. Smith since 1967, said, "The growth and prosperity of Granite City—the growth and prosperity of our entire nation are tied directly to the health of the business community."

"This fact is overlooked by some. If business does not prosper, if profits are not earned, then there are no jobs, no taxes and no growth. If profit making had not been the motive of the Niedringhaus family, there perhaps would be no Granite City today."

He described the firm's experience in locating and developing a plant in the post World War II period. "We were desperately looking for a reliable source of raw material," he said.

"We had to expand to take care of our customers, but before we could do that we had to find a steel source. We came to Granite City and met with the Stupp brothers, Nick Veeder, John Marshall and Jim Hamilton. We also talked with civic officials, the Chamber of Commerce and others."

"Today we are one of Gran-

ite City's largest industries. We buy about 100,000 tons of steel a year from Granite City Steel and we employ between 1,100 and 1,500 persons.

"In the early days, we had a lot of difficulty getting our plant to function the way we wanted. We had machinery trouble and we had labor trouble."

"In 1968, after repeated labor differences, we had another strike. Because our earning record was negative after 18 years of operation, our board instructed us to close the plant."

"I remember well," Kuechle said, "Nick Veeder headed a group of Tri-City officials who visited me in my office in Milwaukee. It was the intercession of this group which helped us decide to stay here. They helped us settle labor dispute and they worked hard to relieve some of the problems we faced."

"I mention this instance because that was industry, commerce and government at work. So today, we are still here producing frames by the thousands. We are still here, residents and paying a substantial tax bill."

**Under Attack**  
Kuechle continued that "we have been under attack by people who know nothing about the contribution of business to society and who believe that it is business which has caused most of the country's problems."

"It is time to go on the offensive. Several years ago, the governor of Ohio ran a series of ads trying to attract companies to locate their plants in his state. The theme was 'Profit is not a dirty word in Ohio.' I don't believe profit is a dirty word anywhere."

In discussing special responsibilities, he noted that the trend is for corporations to carry the load of social reforms.

"If this thinking prevails, our system will change from free enterprise to regulation and control—recent events are casting a shadow."

**Business Not Perfect**

"I am the first to admit that business is not perfect. We do have factories that pollute, we do manufacture some goods which are not of sufficient quality and we have seen instances of man being exploited."

"But I can seek any profession in the world, from the clergy to the academic to the charitable foundations and show you similar examples. We must correct the wrongs, not condemn the system."

"For too long, the business community refused to talk about the good things it does. It has been too busy running its business to engage in criticism or debate. The men and women in business have been too busy managing United Fund drives, raising money for church, the hospitals, the Cancer Society, the cultural centers, the symphony, the universities and others."

Kuechle pointed that 25% of the federal government budget comes from taxes paid by business and most of the remainder comes from wages paid its employees.

**Basic Economics**

"Let us go out to the schools and tell the students something about basic economics—namely, there is no other source of wealth than labor applied to raw material. . . . And then let us say to the lawyer, doctor, teacher, politician, clergyman, we need your help, not criticism."

Some students believe the president is a large corporation in the future will be more concerned about social issues than profits, Kuechle said.

"Many students and members of the academic society are woefully uninformed on the latitudes a president of a company may exercise," he told the group. "We are entrusted with the money invested by the stockholders—and we are accountable to the board of directors and they to the stockholders."

"About one-half of our earnings are paid in taxes, and for this heavy tax burden, business men are entitled to a few menu-fits such as good roads, safe

**HEAD TABLE** guests at the Businessmen's luncheon Monday at the Granite City Army Installation were, from left, Barry A. Loman, Jubilee general chairman and vice-president of the Granite City Trust and Savings Bank; Mayor Donald Partney; Urban T. Kuechle, president of A. O. Smith Corp. and keynote speaker at the luncheon; Paul

Kemp, director of manufacturing and services at A. O. Smith, president of the Manufacturers Association of the Tri-Cities and vice-president of the Chamber of Commerce of the Tri-Cities, and Albert H. Froemling, president of the Chamber of Commerce.

**BUSINESSMEN'S LUNCHEON** at the Granite City Army installation Monday was attended by about 150 Quad-City area business and industrial leaders. Urban T. Kuechle, president of A. O. Smith

Corp., was the keynote speaker at the luncheon, part of Business and Industry Day of the Granite City Diamond Jubilee.

cities and an educated work of the game," Kuechle said.

**Spirit of Fathers**

"One of the things which may be missing today is the spirit which was so much a part of the founding fathers of Granite City. Back in 1886 people worked for a living and they worked hard. But what they earned was theirs. They took their money and bought homes, educated their children and saved a little for a rainy day."

Kuechle was critical of professional students and persons who live for generations on welfare roles. He commended a work-for-welfare program instituted by Governor Rockefeller in New York in which 18% of the welfare checks went unclaimed in the first month.

"These are not the type of people who founded Granite City, or Madison or Venice," he said.

He called for a rebirth of the spirit of America, the type which is lifting China into becoming a great power. He commended President Nixon's price-wage efforts to curb inflation and to meet the challenge of foreign peacetime competition.

His program will help two industries here which are a vital part of this area, steel and autos, he said.

**Profitable Business**  
"My theme today has been that business must be profitable. . . . then everybody is ahead

of the game," Kuechle said.

"This is the American system that has made us the most envied nation in the world. Let's not allow anyone to destroy it."

Kuechle was introduced by Paul J. Kemp, company executive, and vice-president of the local Manufacturers Association.

He described Kuechle's background with the company, starting his career in the personnel department in 1929 while attending part-time at the University of Wisconsin-Milwaukee, and proceeding up the ladder until reaching the top rung.

Mayor Donald Partney, in making a response, presented Kuechle with an anniversary book, a copy of the city's anniversary book, and a label button showing the city's flag.

Serving as master of ceremonies was A. H. Froemling, Granite City Army installation chairman. G. H. Sternberg presented the invocation. Among guests introduced were members of the luncheon committee and representatives of labor.

**AREA BUSINESS LEADERS** gathered at the Granite City Army installation Monday for a businessmen's luncheon. Prior to the luncheon, guests met in the officers' club lobby. Shown here are Edward Kellogg, executive manager of the Chamber of Commerce of the Tri-Cities, left; Albert H. Froemling, chamber president, center, and Howard Kaseberg, former chamber president.

**A WARM WELCOME** is extended to Urban T. Kuechle, president of A. O. Smith Corp., left, by Barry Loman, right, Jubilee general chairman and vice-president of the Granite City Trust and Savings Bank. Nicholas P. Veeder, Granite City Steel Co. executive, at center, looks on. Kuechle was the principal speaker at the Jubilee Businessmen's luncheon at the Granite City Army installation Monday.

## Miss Mary Harris is Bride of Jon Fisher

Miss Mary Estelle Harris and Jon Wesley Fisher were married Aug. 21 at the Nameoki United Methodist Church.

The parents of the couple are Mr. and Mrs. James H. Harris, 2660 Adams St., and Mr. and Mrs. Kenneth W. Fisher of Savoy, Ill.

The afternoon ceremony was performed by the Rev. William Fester before the altar adorned with white flowers and greenery.

A gown of ivory silk organza over tulle was worn by the bride. The sheer organza Juliet sleeves had lace cuffs forming points at the hands, and the upper part of the bodice was appliqued with pearls. Lace covered the front of the skirt which swept into a train, attached at the waistline, and a Juliet bonnet covered with pearls secured the bride's veil of silk illusion.

MR. AND MRS. WILLIE FISHER, 1939 Benton St., who observed their golden wedding anniversary Aug. 20, together with Mr. and Mrs. Fred Taylor of Carmi, Ill. The two couples eloped at the same time and were married 50 years ago.

MR. AND MRS. TERRY A. WAFLER. Their wedding was an event of Aug. 21 at the First Community Church in Mount Vernon, Ill. The bride is the former Sondra Henderson.

## Miss Sondra Henderson, Terry A. Wafler Married

The former Miss Henderson graduated from the Mount Vernon schools and the University of Illinois. Mr. Wafler, a graduate of the Granite City High School and also the University of Illinois, is a member of Phi Mu Alpha Sinfonia.

The couple will make their home in Rantoul, Ill. Mr. Wafler has enlisted in the U. S. Air Force and his bride will teach instrumental music in the schools of Gifford, Ill., this winter.

## Party Marks 7th Birthday

Jennifer Gushleft, 7-year-old daughter of Mr. and Mrs. Robert Ashby, 2437 St. Clair Ave., celebrated her birthday at a party given by her parents this week at their home.

Those attending were Ann Baker, Jennifer Lake, Mark Byer, Ricky, Mike and Mark Burroughs and the sisters of the honoree, Kim and Courtney Gushleft.

A blue and pink color scheme was used in the party appointments and the same colors decorated the birthday cake. Refreshments were served by the hostess.

In the evening, additional guests were Mr. and Mrs. Clifford Blankenship, grandparents of the honoree; an uncle, James Blankenship, and his fiancée, Miss Marcia Conroy.

## Two Couples Mark 50th Year; Elope Together

Two couples who eloped together 50 years ago to Carmi, Ill., celebrated the anniversary with a basket dinner and reception this week at the Lake Benet Baptist Camp. They are Mr. and Mrs. Willie T. Fisher, 1939 Benton St., and Mr. and Mrs. Fred Taylor of Carmi.

Whoever first suggested the elopement idea set off a chain of events that links the two couples even closer than sharing the "I do's" of the wedding ceremony.

In October 1941, the Fishers' eldest daughter, Ruby and the Taylors' eldest son, Frank, married each other. As a consequence the Taylors and Fishers exchanged mutual congratulations on the birth of their first granddaughter, Jean Taylor Litwiler; their first grandson, Frank Edward Taylor; and their first three great-grandchildren, Cathy and Mary Litwiler and Jeffrey Taylor.

The Fishers have five children, Charles and Roy of Granite City; Virgil Don Fisher and Betty West of Pekin, Ill., and Ruby Taylor of Benton. The Taylors had six children, four of whom are deceased.

Both couples have 14 grandchildren.

Many friends and relatives attended the double celebration.

**Our best tire is so good we guarantee the first 50,000 miles.**

## Mobil brings you the Radial tire.

The tire that's tough enough to be guaranteed for 50,000 miles. That's about 12,500 round trips to the market. Or about 5,000 round trips to work. Or at least two round trips to Timbuktu from anywhere.

Mobil Radials are up to 16% wider than conventional tires, to put more rubber on the road. And the Mobil radial design keeps the tread from "squirreling" sideways—the major cause of tire wear.

Mobil Radial's tread stays open to run cooler. Delivers tighter traction and surer stopping on wet pavement. And this tire even rolls easier to give you better gas mileage.

The Mobil Radial tire. See it today at your Mobil Dealer.

Charge them and pay monthly on your Mobil Credit Card.

We also honor Master Charge, BankAmericard, American Express, and Carte Blanche.

## Mobil Radial Tire Guarantee

Mobil Radial Tires are guaranteed to give 50,000 miles on the original tread. Guarantee applicable only to original purchaser and to vehicle on which tires originally installed. Tread-wear indicators will be clearly visible and guarantee certificate registered with Mobil Oil Corporation must be presented.

This tire is also guaranteed against defects in materials, workmanship, or normal road hazards (such as blowouts or fabric breaks and cuts which render the tire unserviceable), and will be adjusted on tread depth unless Mobil determines defects can be safely repaired.

Tires used on taxicabs, police vehicles, pickup trucks, or other commercially used vehicles, or if installed in size other than original equipment specifications, or that have irregular tread-pattern due to mechanical conditions; or less or damage caused by fire, theft, wear, collision, turning flat, cutting by chains, obstruction in vehicle, or any willful abuse, are excluded from this guarantee.

If a Mobil Radial Tire fails under this guarantee, allowance will be made on the purchase of a new Radial Tire based on Mobil's printed "The Determined Price for Adjustment" current at the time of adjustment, which price is intended to fairly represent the actual selling price at time of adjustment. Liability is limited to replacement of the Mobil Tire.

See your Mobil dealer. He's all you need to know about tires.

### Pre-School Classes At St. Peter Church

St. Peter School for the Young Years will open on Tuesday, Aug. 31, at 9 a.m. for registration and the first day of class. The pre-school for 3-and-4-year-olds will be located in the educational building of St. Peter Evangelical United Church of Christ, 21st Street and Cleveland Blvd.

Classes will be held each day, Monday through Friday, 9 to 11:30 a.m. Children may enroll for a two-day, three-day, or five-day week of classes. Registration fee is \$5 per child and tuition fee is \$2 per day.

The pre-school is licensed by the State of Illinois Department of Children and Family Services and meets all requirements as to teachers, insurance and child safety. Mrs. Ray Werth is director-teacher and Mrs. James Valbert is the other teacher.

Each day, using a variety of media, the children will have opportunity to experience ways to express their ideas and feelings and in turn learn new areas of living and learning with others. Art, music, drama, science, crafts, creative activities and indoor and outdoor play will form the basis of the curriculum. The views of a growing number of child educators and the increasing demand for preschools both indicate their need and their importance to the early developmental years, Mrs. Werth comments.

Interested parents may secure the parents' handbook, a registration form and a health examination form by calling the church, 877-1904 or the director, 931-3782. Because enrollment will be limited according to state requirements, parents are urged not to wait until the first day to enroll, Mrs. Werth added.

### Studies of State Scenic River System Continue

By RAY SERATI  
Copley News Service

Springfield — Hearings by a subcommittee concerning legislation to formulate a scenic river system in Illinois are continuing.

Sen. John Linebaugh Knapp, D-Petersburg, is heading the special subcommittee from the Senate Agriculture and Conservation Committee. The hearings are being held throughout the state.

The subcommittee was formed after the legislation ran into trouble in the Agriculture and Conservation Committee. It had passed the House.

Twelve rivers are proposed for initial inclusion in the "scenic" river system. These include portions of or all of the Fox, Kaskaskia, Vermilion, Kankakee, Big Muddy, Apple, Mackinaw, Rock and Kaskaskia Rivers, and Big Indian, Shoal and Lusk Creeks.

There are 15 others that have been suggested for possible future inclusion. These include the Cache, Little, Washash, Spoon, Lamoine, Embarras, Salt-Fork, Vermilion, Pecatonica, Sangamon, Galena, Nippersink, DesPlaines and Plum Rivers, and Bureau, Big Sandy and McKee Creeks.

The problems for the proposed legislation rose in the Senate committee. Opponents said the

legislation would give the state "zoning or land use" power over property.

#### Control of River Banks

Under the proposed legislation, the state Conservation Department would be given the power to regulate use of the land along the banks of the streams of up to a half-mile inland.

Property owners would have to get permission from the Conservation Department to make any changes. Violators could be fined up to \$1,000.

Proponents of the proposed legislation say it is needed to protect the state's environment. They maintain that scenic areas along Illinois' rivers, streams and creeks are being lost. The proponents also maintain that this action would save Illinois' countryside.

Those opposing the proposed legislation say that if the state wants to have control over the land, it should buy the land.

From all indications, the fight over the proposed legislation appears to be developing into a city-rural struggle.

#### Stolen Cycle Abandoned

A motorcycle stolen in Indiana was found abandoned at the Nameoki Moto Service Station, it was reported Monday.

# Madison School Board Awards Purchase Contracts, Hires Teachers for New Year

Granite City PRESS-RECORDThurs., Aug. 26, 1971 Page 35

Contracts for fuel, food and other supplies for the new school year were awarded by the Madison School Board in preparation for school opening this week.

Union Coal & Feed Co., only bidder on supplying fuel, was awarded the coal contract at a bid price of \$18.50 per ton. The Federal Oil Co. was awarded the contract for fuel oil at a price of \$11.85 per 100 gallons, the lowest of three bids.

Food supply contracts, awarded to low bidders, were: bread products—Bunny Bread; meat—Miller's Provision Co. and Tar-las Meat Co.; fresh vegetables—Hollmann Commission Co.

fish and frozen foods—Teal Poultry & Fish Co., Sea Pass, and Independent Foods Corp.;

ice cream—Valley Farm Dairy; canned goods and paper items—Edray Foods, Inc.; potato chips—Old Vienna Products; milk—Aro Dressel; snack items—Dolly Madison Cakes; prepared sandwich items—Zimring Vending Co. and sugar and flour—Layoff Union Coal & Feed Co.

A one year contract with Zimring Vending Co., was renewed for use of vending machines at the high school.

The board approved the continuation of the free lunch program for children of low income families. A qualification chart will be released later this week.

## May Lease Bus

The board gave permission for administrators of the state title programs to investigate the leasing or purchase of a van or

bus to be used in the vocational study program to transport students from school to their places of employment. At present, the students are allowed mileage for driving to and from their vocational positions.

Harold Flisk, William Vavra and Sherrel Byrd, board members, were appointed to the Personnel Committee for the coming year by McManaway. Appointments to other committees will be made at the next regular meeting, McManaway said.

Board approval was given for the Region Five Special Coop Board to participate jointly with the Regions One, Two and Three and the St. Clair County Regional Coop Board to make up the Southwestern Regional Program for the Hearing Impaired.

A bill for \$1,989 for training two oral-deaf students from Special Education Region One Board was accepted and ordered paid. The money is the district's share of the \$3,850 for training the youths in the last school year. The remainder is paid with state funds.

Permission was granted to the Athletic Director to solicit advertisements and sell football and basketball programs during the school year.

## To Check Land Purchase

The board ordered Riddle to accept Resignations. The board accepted four resignations with regrets. Resignations were submitted by Michael Smith, a teacher at Dunbar School; Myrna Small, teacher at Louis Baer School; William Thompson, a crossing guard; and Dorothy Collier, an aide at Blair School.

Five new teachers were hired; Mrs. Sally LaCopo to teach physical education and language arts at the junior high school; James L. Beattie to teach mathematics and science at the junior high school; Mrs. Hazel Lu-

cas to teach fourth grade at Louis Baer School, Robert Cowan to teach mathematics and science at Dunbar School, and Miss Agnes Brent as a full-time substitute.

In addition, 15 teachers aides were hired for a period of nine months at \$2,380 each. Employed for Blair School were Viola Lewis, Ann Coleman, Jackie Mills and Lola Smith.

Olga Kube, Adele Wasylak and Bernadine Weidner were employed as teachers aides at Harris School, and Joyce Walker will assist at the junior high school.

Other teachers aides hired were Marie Hlava and Delphia Uherick at Louis Baer School, Magnolia Hamilton, Brenda Hagler and Mary Scruggs at Dunbar School and Rosalee Barham and Louis Jimerson at the high school.

The hiring of James Hayes and Lolita Jenkins as attendance officers, Anna Donoff for administration office maintenance and Debra Kutz as administration office clerk was approved.

Hire Crossing Guards. Three crossing guards were hired, including Carthan Harris at Dunbar School, Morris Scott at Blair School and Byron Hines at Louis Baer School. Mrs. Marie Hlava was approved at Louis Baer School underpass supervisor and Emmett Pazio and Mrs. Beulah Williams were

hired as security officers at the high school. Evelyn Holt was hired as head cook and Addie Campbell was approved as a part time full-time cafeteria employee at the high school and seven women were hired as part time substitute cooks at \$1.80 per hour.

Substitute cooks hired were, Lucy Rhodes at Blair School, Alvina Kwiatkowski at Louis Baer School, Vester Beckel and Mary Pryor at Dunbar School and Priscilla Leonard and Mary Mack at the high school.

Roy Williams was approved as part time custodian at Harris School.

## Win-Back Enrollment Scheduled on Aug. 30

A Win-Back program for residents of Granite City School District 9 who wish to obtain a high school diploma will be offered again this year at the high school, starting with enrollment Monday, Aug. 30.

Enrollment periods will be from 8 a.m. to 4 p.m. and 7:30 p.m. to 8:30 p.m. Registration will close Tuesday, Sept. 7, at 8:30 p.m.

Regulations for attending the classes are as follows: The applicant must be a resident of Granite City School District 9 and must have attended at least one year in a recognized high school; if the applicant attended Granite City High School, he need only to have his credits evaluated before enrolling; if he is a resident but attended another high school, he must have a transcript sent to the principal of the high school prior to counseling.

For more information about the Win-Back program, interested persons may call 876-0610.

## Free Lunch Program Guidelines Announced

Guidelines for parents who wish to enroll their children in the free and reduced price lunch program in Sacred Heart School were announced today by school administrators.

The qualifications permit families ranging from one child and an annual gross income of \$2,040, to 12 children and an income up to \$8,880 per year, to take advantage of the program. Families earning more than the limits but suffering from unusual circumstances or hardships may be accepted and are urged to apply by submitting application forms which will be sent to the home in letters to parents. Complete guidelines for the program may be obtained by calling Sister Karla, principal, at the school.

## Son Born in Hawaii To Ronald E. Carrs

Ronald Carr Jr., is the name selected by MM/2 and Mrs. Ronald E. Carr, 94-011 Waipahu St., Waipahu, Hawaii, for their first child, born July 31 at the Tripler Army Hospital in Hawaii. He weighed six pounds, 13 1/2 ounces.

Mrs. Carr will be remembered as the former Miss Janice Cholevik, a daughter of Mr. and Mrs. Joe Bohnenstiel, Granite City. The father is the son of Gene Carr of Granite City and Mrs. Helen Richetts of Naples, Fla. He presently is serving aboard the USS John Adams, a submarine based in Hawaii. Mrs. Bohnenstiel and Mrs. Robert Ciesler of Granite City returned home during the week end after a visit with the Carr family.

## Fire Damages Home

Fire caused an estimated \$100 damage to the home of John Szarzia, 904 Greenwood Ave., Madison, Monday when trash burning in the back yard ignited the rear portion of the frame house. Madison firemen answered the alarm at 3:15 p.m. Monday and were on the scene 35 minutes.

### Homecoming Reunion at Stewart County, Tenn.

Former residents of Stewart County, Tenn., are invited to return for a "Homecoming Reunion," to be staged at Dover, Tenn., on Saturday and Sunday, Sept. 25-26.

Wilson J. Carney, 3300 W. Chain of Rocks Road, is serving as area chairman for the homecoming event which is expected to attract visitors and former Tennesseans from an 11-state region.

A native of Tennessee, Carney has resided here the past 23 years. Prior to retirement he operated a roofing business in the Quad-Cities for 23 years.

The last Stewart County homecoming was held in 1948 and drew a "huge crowd," he reported. "From now on we hope to make it an annual re-

union and the organizers are inviting everyone to take this opportunity to visit with relatives back home and renew old friendships," Carney said.

Residents of the Tennessee county are working hard to make the homecoming a memorable occasion, Carney said, adding that activities will center around a gospel singing program at the new Stewart County High School auditorium in Dover.

Gospel Singing  
The gospel singing programs are planned, Carney said. The first starting at 7 p.m. Saturday, Sept. 25 and again at 1 p.m. Sunday, Sept. 26. A \$1 donation will be sought from adults attending the programs, with children, 12 years and younger admitted free.

Several outstanding quartets from Illinois, Kentucky and Tennessee will be featured during the gospel singing programs, together with talented individuals from other locales, it was learned.

Noting that many significant and historical points of interest are located in the vicinity of Dover, the local area said visitors would especially enjoy an excursion to Fort Donald National Military Park, located in the picturesque rolling hills of Stewart County.

Civil War Background  
The scene of a bloody battle during the Civil War, the Fort Donald area is a fine museum near the park entrance which attracts many tourists to the site. Also easily accessible to Dover is Kentucky Lake, located on the Tennessee River about 12 miles from the homecoming center.

Further information may be obtained by calling Carney, at 931-0672.

Banks, Cash Taken  
Ed Young, 1009 rear Market St., Venice, told police at 4:45 p.m. Monday that burglars broke into his home and took two piggy banks containing \$17 in change.

## No Illinois Governor from Downstate in Over Century

By KEN WATSON  
Springfield—Lt. Gov. Paul Simon's biggest worry right now is what is known at the Statehouse as the "Senate shift."

There is a hard core of opinion that in the end, Chicago Mayor Richard J. Daley will offer Simon the nomination for U. S. senator and nothing else.

Simon, who has carefully kept his options open, would much prefer to run for governor—reflecting the general feeling among ambitious Democrats that it would be easier to defeat Gov. Richard B. Ogilvie than Sen. Charles H. Percy.

There is a great deal of frustration among Downstate Democrats who believe they have a sure winner for governor in Simon and can't understand why Daley doesn't give him the nod now and get it over with.

But, alas for the Downstate Democrats, they do not operate that way. He keeps his own counsel, confers with only a very few close associates and proceeds in his own way toward achievement of his own goals.

Although this is expected to be Daley's last term as mayor, he will still have two years to go when the governor elected next year will swear in the first week of January 1973.

Daley wants to round out his majority career in a bright glow of achievement—and the realities of city-state government being what they are in a state like Illinois—he needs an accommodating governor to assure this.

What one persistently hears is that from political and governmental standpoints, Daley "just doesn't trust Simon."

Whatever the political differences, Daley and Republican Gov. Richard B. Ogilvie, who comes from the same metropolitan area as Daley, have been able to compromise on basic legislation that has contributed immensely to the welfare of Chicago.

There is also a Statehouse feeling that Daley is far from sold on the ability of Simon to govern well. A former state senator himself, Daley is said to have reservations about Simon's ability to work with legislators in achieving enactment of legislation.

Simon, by Daley's standards, has too long a record of being a legislative independent rather than a team player.

Although the 11-year-old governor did step into regular organization harness during the recent legislative session, it would be difficult for anyone to predict whether he would or would not revert to previous form once

armed with the powers of the governorship.

Then there is the fact that Simon is a Downstate and Chicago Democrat, who hold the balance of power in their party in contrast to the Republican Downstate power base, have always preferred a Chicagoan for governor.

In fact, there hasn't been a Downstate Democrat elected governor for more than a hundred years, the last being Joel Aldrich Matteson of Will County (Joliet), who took office in 1853.

The last Downstate Democrat to be even nominated for governor was the late Harry Hershey of Taylorville, who lost to Republican Dwight H. Green in 1940.

Despite the effort of the Simon organization to get a bandwagon rolling, Daley remains unimpressed—and quietly and effectively—keeps enlarging the field of 1972 gubernatorial hopefuls, thus fueling the already abundant political speculation.

It is obvious that Simon has not sold himself to the mayor for governor. The signs grow that Daley would, as in the case of E. Stevenson III, feel more comfortable pointing him toward Washington.

A Simon for senator candidacy would also serve the

Daley 1972 strategy by strengthening the Democratic ticket in a spot where big help is needed.

There is a remarkable dearth of potential opponents for Percy and he is close to being considered unbeatable.

It is felt that he would prob-

ably beat Paul Simon, but the race would probably be close and this in itself might enable Daley to elect his man for governor.

## Free Getaway Has Good Beat

By JUDY HUGG  
Copley News Service

Take the time to listen to Clive Searsted, a new member of the rock music scene. You'll probably be glad that you invested a few minutes to listen to him, for his first album on the RCA label, "Free Getaway," is quite promising. The album is a mixture of blues and rock songs, all with a good beat and well backed by strong guitar and drums. Atlantic Records has released a wild and exciting album by the MC's. It's loud and very strong, but on the other hand, they give out with excellent sounds on cuts like "Sister Anne," "Skunk (Sonicity Speaking)" and "Poison."

"This is Tommy Dorsey" (RCA): These sides were recorded between 1933 and 1944. The fabulous Dorsey phrasing is evident in the two-record set. This album contains the original recordings featuring vocalist Frank Sinatra and sidemen Bunny Berigan, Ziggy Elman, Charles Spivak and Buddy Rich. Truly, the big bands are alive and well in the '70s. A collector's item.

## Airport Hearings, Music Fest, Villages in Regional News

(Illinois Metro East Industrial Development Corporation)

Disagreement over a location for the new metropolitan airport flared anew. In Missouri, results of a state-sponsored study were announced. The Northport Corp. study stated that two Missouri airports, one near Dardenne and the other at Smart Field, were as good as or better than the Waterloo site.

Arven Saunders, executive director of the St. Louis Metropolitan Area Airport Authority, said the Missouri site study will cause no change in plans to go ahead with developing a Waterloo project. In accordance, three public hearings by the Authority on the proposal to build a second major airport in a rural triangular area bounded by Columbia, Waterloo and Millstadt, Ill., were held.

The first, at Waterloo High School, was attended by 800 residents, some of whom voiced opposition to the proposed site. Generally, spokesmen for the airport were representatives of business and labor. About 350 attended the second hearing, at the Exposition Hall at the Illinois University Center at East St. Louis. More than 32,000 people, the 1964-65 season, in Mississippi River Festival history, attended the final concert of the 1971 season, featuring the rock group, "The Who." Total unadmitted attendance at 13 symphony concerts this summer was more than 140,000, as compared to last year's total of about 135,000. The total attendance at St. Louis Symphony Orchestra concerts this season was 95,418.

The merger of Granite City Steel Co. with National Steel Corp. was completed. The transaction had been scheduled for July 31 but was delayed to Aug. 16 to allow the U. S. Justice Department additional time to study anti-trust aspects of the merger. A 47-day work stoppage at the Plizer, Inc., Minerals, Pigments and Metals Division in East St. Louis has ended, with the 300 employees involved returning to work. Agreement was reached on a three-year contract retroactive to July 2. Midwest Rubber Reclaiming Co., East St. Louis, reported a net profit of \$120,000 in the quarter ended July 31, compared with a loss of \$12,000 in the same 1970 quarter. In Collinsville, the Martha Manning Co. earned \$80,601 in the second quarter of 1971 compared with \$61,479 a year earlier.

Municipalities in this region continued to expand. The corporation limits of the Glen Carbon now touch the southern boundary of Edwardsville, as a result of action by the Glen Carbon village board. The board annexed to the village a tract of more than 100 acres, including the Kettle River Subdivision currently being developed by the Lakewood Development Corp. Kettle River, an 87-acre commercial tract, lies along the south side of Center Grove Road and along the

west side of Illinois 159. East Alton village board members unanimously approved annexation of Rosewood Heights. The additional area, east of the previous corporate limits, contains 144 pieces of property and 400 residents.

Objectors overruled Circuit Court No. 1 in Belleville for an indefinite public hearing on rezoning part of Smithton Township for a waste disposal operation. The proposed facility would be an abandoned Peabody Coal Co. mine between Illinois Highways 13 and 159 in the Turkey Hill area.

At the close of the meeting, Jacob J. Altman, County Zoning Board of Appeals chairman, said the petition for a zoning

change would be taken under consideration until additional information was obtained.

In general area news, the Greater Alton Association of Commerce board of directors and the Alton-Wood River Area Federation of Labor announced support of the purchase of a 700-acre Alton State Hospital site for recreational space. Sewage treatment upgrading plans for Wood River and Roxana were approved by the executive advisory council of the East-West Gateway Coordinating Council.

A section of the main building of the new Belleville area College is to be turned over to District 522 for occupancy on Sept. 1; and construction and equipment plans for the Beck Vocational Center near Hecker were approved at a meeting of the Illinois Board of Vocational Education and Rehabilitation.

Frederick Eugene Ballentine, 18, son of Mr. and Mrs. J. P. Ballentine, 729 Broadway, Venice, is in basic training with the U. S. Air Force at Lockland Air Force Base, San Antonio, Tex.

**School Bus Looted**  
A fire extinguisher and two road flares were stolen from a Catholic Youth Transit Association school bus parked at Pontoon Road and North Avenue, it was reported at 7:50 p.m. Monday.

**Attempted Burglary**  
A panel was broken in an overhead door at Pete's Sunoco Service Station, 1200 Edwardsville Road, in an attempt to gain entry, but the door was barred from the inside, it was reported Monday.

**Case of Beer Stolen**  
A case of beer was stolen from a Kacera Distributing Co. delivery truck parked at 2422 Nanneki Road, and the thief was seen driving away in a station wagon, it was reported at 12:35 p.m. Monday.

## Ronald Clare Record As Blood Donor Cited

Among public service features being cited during Granite City's Diamond Jubilee celebration includes one which has set a record over a period of years. It is the mark of Ronald Clare, 2137 State St., who has donated a total of 72 pints of blood to needy patients. The count started in 1937 and came to an end about three years ago when Clare reached the age of 60. He is retired from Hub Drug Store.

**Divorced at Lincoln**  
A divorce has been granted at Lincoln to Iris Chronister of Granite City on grounds of adultery. They were married Jan. 1, 1960, at Lincoln, and separated Oct. 17, 1970. Custody of four children was granted to the mother, and the father was ordered to pay child support.
